

# 18° CHAMFER CUTTER - 18 CHAMFER CUTTER FOR .38 CALIBER

[Gunsmith Tools & Supplies](#) > [Handgun Tools](#) > [Barrel Tools](#) > [Chamfering Tools](#)

## No Lathe Needed, No Need To Remove Barrel From Frame

Our "standard" cutter. The angle is right for jacketed bullets as well as round nose and semi-wadcutter lead bullets. It will remove most factory cuts without exceeding the maximum recommended throat diameter or creating a compound angle. Use the .38 cutter for 9mm through .41; use the .45 cutter for .44 through .45.

## Attributes

# Safety Instruction Guide for 18° Chamfer Cutter

## Introduction

Thank you for choosing the 18° Chamfer Cutter designed for .38 caliber. This guide provides essential safety instructions to ensure safe and effective use of the product. It is crucial to read and understand these guidelines to minimize risks and enhance your experience.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Keep the cutter out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, including safety glasses and gloves, when using the cutter.
- Inspect the cutter for damage before use. Do not use if damaged.
- Store the cutter in a safe, dry place when not in use to prevent accidents.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Sharp edges can cause cuts or injuries.
  - Improper use may lead to damage of the cutter or the project being worked on.
- **Avoiding Hazards:**
  - Always handle the cutter with care and keep fingers clear of the cutting area.
  - Use the cutter on a stable surface to prevent slips and accidents.
  - Do not apply excessive force; allow the cutter to do the work.
- **Age and Audience Specific Warnings:**
  - This product is not intended for use by individuals under the age of 18.
  - Adult supervision is required when the cutter is used by inexperienced users.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that you have all necessary tools and safety equipment ready.
- Read the product specifications to confirm compatibility with your project.

### 2. Installation:

- Securely attach the cutter to the appropriate tool or machine as per the manufacturer's instructions.
- Ensure that all fittings are tight and secure before proceeding.

### 3. Usage:

- Position the cutter at the correct angle (18 degrees) for optimal performance.
- Gradually apply pressure and allow the cutter to chamfer the edges of the bullet.
- Regularly check the cutter's performance and inspect for wear or damage during use.

### 4. PostUsage Care:

- Clean the cutter after each use to remove debris and residue.
- Store the cutter in its protective case or designated storage area to prevent damage.

## **Disposal Instructions**

- Dispose of the cutter responsibly according to local regulations.
- If the cutter is damaged or no longer usable, ensure it is disposed of in a manner that prevents injury to others.
- Do not throw the cutter in regular household waste; consider recycling options if available.

## **Contact Information for Further Support**

For any inquiries or safety concerns regarding the 18° Chamfer Cutter, please contact the designated EUbased support center. Ensure you have the product details at hand for efficient assistance.

By following these guidelines, you can ensure safe and effective use of your 18° Chamfer Cutter. Always prioritize safety and consult this guide whenever you have questions about the product. Thank you for your attention to these important safety instructions.
