# Safety Instruction Guide for BRASS LAPS 11

## BRASS LAP FOR .38.45 CALIBER

### Introduction

Thank you for choosing the BRASS LAPS 11 BRASS LAP for .38.45 caliber. This product is designed to provide a final touch of perfection to your chamfer cuts. To ensure your safety and the optimal use of this product, please read and follow the guidelines outlined in this instruction manual.

### General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this manual.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the brass laps.
- Keep the work area clean and welllit to avoid accidents.
- Do not use the product if it appears damaged or worn.
- Be aware of your surroundings and ensure that bystanders are at a safe distance while using the product.
- Report any unsafe conditions or incidents to the appropriate authorities.

### Specific Safety Precautions for Use

- Use the brass laps only with the recommended fine abrasives to avoid unexpected hazards.
- Avoid using excessive force while polishing to prevent damage to the brass laps and ensure consistent results.
- Do not allow the brass laps to come into contact with water or other liquids, as this may cause corrosion or damage.
- Keep the brass laps out of reach of children and pets to prevent accidental injury.
- If irritation occurs while using the product, cease use immediately and consult a medical professional.

### Instructions for Installation and Usage

#### 1. Preparation:

- Ensure that you have the correct brass lap (5°, 11°, or 18°) for your specific chamfering needs.
- Gather all necessary tools and materials, including the appropriate fine abrasive.

#### 2. Installation:

- Attach the brass lap securely to your hand tool according to the manufacturer's instructions.
- Ensure that the lap is fixed tightly to prevent it from loosening during use.

#### 3. Usage:

- Begin by applying a small amount of fine abrasive to the brass lap.
- Gently press the lap against the chamfer cut while maintaining a steady motion.
- Use even pressure to achieve a consistent polish without damaging the brass.
- After use, clean the brass lap with a soft cloth to remove any residue.

#### 4. PostUsage:

- Inspect the brass lap for any signs of wear or damage after each use.
- Store the brass laps in a dry, cool place away from direct sunlight.

## **Disposal Instructions**

- Dispose of any worn or damaged brass laps in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For any safety inquiries or additional information about the BRASS LAPS 11 BRASS LAP, please refer to the manufacturer's website or customer service.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using the BRASS LAPS 11 BRASS LAP for your projects.
