Safety Instruction Guide for BRASS LAPS

BROWNELLS 5 BRASS LAP FOR .38/.357 CALIBER

Introduction

Thank you for choosing the BRASS LAPS BROWNELLS 5 BRASS LAP FOR .38/.357 CALIBER. This product is designed to provide the final touch of perfection for your brass chamfer cuts. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Store the product in a dry, cool place to prevent deterioration.
- If any part of the product is damaged, discontinue use immediately and replace it.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety goggles and gloves, when using the brass laps.
- Use the brass laps in a wellventilated area to avoid inhalation of fine abrasive particles.
- Avoid contact with skin and eyes. In case of contact, rinse thoroughly with water and seek medical attention if irritation persists.
- Do not exceed the recommended speed and pressure when using the brass laps to prevent accidents and ensure effective polishing.
- Ensure that the workpiece is securely clamped before using the brass laps to avoid movement during operation.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and safety equipment before starting.
- Ensure the work area is clean and free of any obstructions.

2. Installation:

- Attach the brass lap to your chosen tool according to the manufacturer's instructions.
- Ensure that the brass lap is securely fastened to prevent it from coming loose during use.

3. Usage:

- Select the appropriate degree of brass lap (5°, 11°, or 18°) based on your specific polishing needs.
- Apply a very fine abrasive to the brass lap as recommended.
- Begin polishing by gently applying the brass lap to the chamfer cuts, maintaining a steady speed and pressure.
- Periodically check the progress and adjust your technique as necessary to achieve the desired finish.

4. PostUsage:

- After use, clean the brass lap to remove any residual abrasive material.

- Store the brass lap in its designated case or container to protect it from damage.

Disposal Instructions

- Dispose of any damaged or worn brass laps in accordance with local regulations for hazardous waste.
- Ensure that all packaging materials are recycled or disposed of responsibly.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of this product, please refer to the manufacturer's contact information provided on the packaging or product insert.

By following these safety instructions, you will help ensure a safe and effective experience with your BRASS LAPS BROWNELLS 5 BRASS LAP FOR .38/.357 CALIBER. Thank you for your attention to safety.
