# Safety Instruction Guide for BRASS LAPS 5 BRASS LAP FOR .44.45 CALIBER

## Introduction

Thank you for choosing the BRASS LAPS 5 BRASS LAP FOR .44.45 CALIBER. This product is designed to provide the final touch of perfection to your chamfer cuts using highquality brass laps. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the product as intended and according to the instructions provided.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- In case of any malfunction or if the product appears to be unsafe, discontinue use immediately and report the issue.
- Be aware of your surroundings while using the product to avoid accidents.
- If you are unsure about any aspect of the product, seek assistance from a knowledgeable individual.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, while using the brass laps.
- Ensure that the work area is clean, welllit, and free from obstructions.
- Do not exceed the recommended speed or pressure during use to avoid accidents or damage to the product.
- Avoid using the brass laps on materials other than specified calibers (.44 and .45) to prevent injury or product failure.
- Keep hands and body parts away from moving parts during operation to prevent injury.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that you have the correct caliber brass lap for your needs (either .44 or .45).
- Gather all necessary tools and materials before beginning.

### 2. Installation:

- Attach the brass lap securely to the appropriate tool or device as per the manufacturer's instructions.
- Confirm that the attachment is tight and stable to prevent any accidents during use.

### 3. Usage:

- Begin by selecting the desired degree of brass lap (5°, 11°, or 18°) based on your polishing needs.
- Apply a very fine abrasive to the brass lap, ensuring even coverage.
- Gently press the brass lap against the chamfer cuts, using a steady and controlled motion.
- Continuously check the progress to avoid overpolishing or damaging the brass.

### 4. After Use:

- Clean the brass laps thoroughly after each use to maintain their effectiveness and longevity.

- Store the brass laps in a safe, dry place away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of any damaged or worn brass laps in accordance with local regulations for hazardous waste.
- Do not throw the product in regular household waste if it is damaged or contains hazardous materials.
- Consider recycling options for the brass material if available in your area.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the BRASS LAPS 5 BRASS LAP FOR .44.45 CALIBER, please reach out to your local distributor or manufacturer. They can provide you with additional support and information regarding the safe use of this product.

Thank you for your attention to these safety instructions. Your safety is our priority. Enjoy using your BRASS LAPS responsibly!
