# Safety Instruction Guide for 90° Chamfer Cutter

## Introduction

Thank you for choosing the 90° Chamfer Cutter. This tool is designed to assist in adjusting barrel/cylinder gaps, squaring the rear barrel face, and eliminating high spots. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure the tool is used only for its intended purpose.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the chamfer cutter.
- Keep the work area clean and welllit to avoid accidents.
- Ensure that the tool is in good condition before use. Inspect for any damage or wear.
- Store the tool in a safe place, out of reach of children and pets.
- Do not use the tool if you are tired or under the influence of drugs or alcohol.

## Specific Safety Precautions for Use

- Use the chamfer cutter only on compatible firearms as specified in the product description.
- Always secure the firearm in a stable position before using the tool.
- Avoid placing your hands or any body part near the cutting area while the tool is in use.
- Do not force the tool; let it do the work to avoid accidents.
- If you experience any discomfort or unusual noise while using the tool, stop immediately and inspect it for issues.
- Follow all local laws and regulations regarding the modification of firearms.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and PPE.
- Ensure the work area is clean and organized.
- Verify that the firearm is unloaded and safe to work on.

### 2. Using the Chamfer Cutter

- Select the appropriate size chamfer cutter for your firearm:
  - .540" for Ruger® Security Six®, GP100®; S&W K; Colt Mk III, Official Police; Charter Arms.
  - .560" for S&W L.
  - .625" for S&W N; Ruger® Blackhawk®, Super Blackhawk®.
  - .687" for Ruger® Redhawk®.
- Secure the firearm in a vice or stable position.
- Align the chamfer cutter with the area to be chamfered.
- Apply gentle pressure and turn the cutter in a clockwise direction.
- Check frequently to ensure proper depth and alignment.

### 3. PostUse

- Clean the tool after use to remove any debris or residue.
- Store the chamfer cutter in a secure location.

## **Disposal Instructions**

- Dispose of the chamfer cutter in accordance with local regulations.
- Do not dispose of the tool in regular household waste if it contains hazardous materials.
- Consider recycling options available in your area.

## **Contact Information for Further Support**

For questions or concerns regarding the 90° Chamfer Cutter, please refer to the product packaging or the retailer from whom you purchased the tool. Ensure to keep your receipt and any warranty information for future reference.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience while using the 90° Chamfer Cutter. Always prioritize safety and compliance with local laws when using tools designed for firearms. Thank you for your attention to these guidelines.
