# CHAMFER TOOL PILOTS SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the CHAMFER TOOL PILOTS CHAMFER TOOL PILOT FOR .38 CALIBER. This tool is designed to enhance your chamfering experience by ensuring precision and safety during use. Please read this safety instruction guide carefully to understand how to use this product safely and effectively.

## General Safety Guidelines

- Always ensure that the tool is used in accordance with the manufacturer's instructions.
- Keep the tool out of reach of children and unauthorized users.
- Inspect the tool before each use for any signs of damage or wear.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Ensure that your workspace is clean and free from obstructions.
- Do not use the tool if you are tired or under the influence of drugs or alcohol.

## Specific Safety Precautions for Use

- **Hazard Identification:** The CHAMFER TOOL PILOTS may pose risks such as:
  - Cuts or lacerations from the cutting edges.
  - Eye injury from flying debris.
  - Inhalation of fine particles during operation.
- **Avoiding Hazards:**
  - Always maintain a firm grip on the tool while in use.
  - Use the tool only for its intended purpose.
  - Do not attempt to modify or alter the tool in any way.
  - Ensure that the area is wellventilated when using the tool to minimize inhalation risks.
  - Avoid wearing loose clothing or accessories that may get caught in the tool.
- **AgeRelated Warnings:**
  - This product is intended for use by adults and should not be used by children.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the tool is clean and free of debris before installation.
- Select the appropriate brass pilot size for your caliber from the following:
  - .38 (.346")
  - .3840 (.394")
  - .40/10mm (.388")
  - .41 (.398")
  - .44 (.416")
  - .45 (.442")
  - .475/.480 (.466")
- Insert the selected pilot into the breech end of the Chamfer Tool Extension Rod until it is securely in place.

### 2. Usage:

- Position the tool securely against the workpiece.
- Apply steady pressure while operating the tool to ensure consistent cutting action.
- Monitor the cutting action to avoid runout and ensure effective chip removal.
- Stop using the tool immediately if you notice any irregularities in performance or if the tool becomes damaged.

## **Disposal Instructions**

- Dispose of the tool in accordance with local waste disposal regulations.
- If the tool is damaged or no longer functional, consider recycling any metal components where possible.
- Do not dispose of the tool in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the CHAMFER TOOL PILOTS, please refer to the manufacturer's customer support resources. Ensure to check for any recall updates on the EU's Safety Gate platform to stay informed about the safety of your product.

By following these safety instructions, you can ensure a safe and effective experience with your CHAMFER TOOL PILOTS. Thank you for prioritizing safety in your use of this product.
