# Safety Instruction Guide for CHAMFER TOOL PILOTS CHAMFER TOOL PILOT FOR .45 CALIBER

## Introduction

Thank you for purchasing the Chamfer Tool Pilots for .45 Caliber. This guide provides essential safety instructions and usage information to ensure safe and effective operation of the product. Please read and understand these instructions before using the tool.

## General Safety Guidelines

- Ensure the tool is used only for its intended purpose.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating the tool.
- Keep the work area clean and welllit to avoid accidents.
- Store the tool in a secure location, out of reach of children and vulnerable individuals.
- Regularly inspect the tool for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Do not exceed the recommended operating specifications for the tool.
- Ensure that the tool is properly secured before use to prevent movement during operation.
- Avoid wearing loose clothing or jewelry that could become caught in the tool.
- Never operate the tool while under the influence of drugs, alcohol, or medication that may impair your abilities.
- Be aware of your surroundings and ensure that others are at a safe distance during operation.

## Instructions for Installation and Usage

### 1. Installation:

- Select the appropriate brass pilot size for your specific caliber.
- Carefully insert the brass pilot into the breech end of the Chamfer Tool Extension Rod.
- Ensure that the pilot is securely fitted and properly centered to eliminate cutter runout.

### 2. Usage:

- Position the tool correctly against the workpiece.
- Apply steady and even pressure while operating the tool to ensure consistent chamfering.
- Monitor the cutting action closely to prevent overheating and excessive wear on the tool.
- After use, clean the tool to remove any debris or residue.

## Disposal Instructions

- Dispose of any worn or damaged tools in accordance with local regulations.
- Do not dispose of the tool in general waste if it contains hazardous materials. Check with local waste management guidelines for proper disposal methods.

## Contact Information for Further Support

For any questions or support regarding the Chamfer Tool Pilots, please contact the manufacturer or your local

distributor. Ensure you have the product details ready for assistance.

## Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the Chamfer Tool Pilots. Always prioritize safety and proper usage to maintain the integrity of the tool and your wellbeing. Thank you for your attention to these guidelines.
