# CHAMFER TOOL PILOTS BROWNELLS CHAMFER TOOL PILOT FOR .3840 CALIBER Safety Instruction Guide

## Introduction

Thank you for choosing the CHAMFER TOOL PILOTS BROWNELLS CHAMFER TOOL PILOT FOR .3840 CALIBER. This product is designed to help you achieve precise chamfering of your firearm components. To ensure your safety and the effective use of this tool, please read and follow the safety instructions provided in this guide.

## General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the chamfer tool.
- Ensure that your workspace is clean, organized, and free from distractions to minimize the risk of accidents.
- Keep the tool out of reach of children and unauthorized users.
- Inspect the tool before each use to ensure it is in good working condition.
- Be aware of your surroundings and ensure there are no obstructions or hazards in your work area.
- Follow all local laws and regulations regarding firearm modifications and safety.

## Specific Safety Precautions for Use

- Do not use the chamfer tool if you are under the influence of drugs or alcohol.
- Avoid wearing loose clothing or jewelry that may become caught in the tool during use.
- Ensure that the tool is securely attached to the chamfer tool extension rod before use.
- Do not exceed the recommended cutting speeds to avoid tool damage or personal injury.
- Always keep your hands and other body parts away from the cutting area while the tool is in operation.
- If you notice any unusual noises or vibrations during use, stop immediately and inspect the tool for damage.

## Instructions for Installation and Usage

### 1. Installation:

- Remove the chamfer tool pilot from its packaging.
- Ensure the chamfer tool extension rod is clean and free from debris.
- Insert the brass pilot into the breech end of the chamfer tool extension rod, ensuring it is properly centered.
- Tighten any necessary screws or fasteners to secure the pilot in place.

### 2. Usage:

- Position the chamfer tool pilot against the edge of the component you wish to chamfer.
- Apply even pressure while operating the tool to achieve a consistent chamfer.
- Monitor the cutting action to ensure proper chip removal and avoid clogging.
- After use, clean the tool and pilot to remove any debris or residue.

## Disposal Instructions

- Dispose of the chamfer tool pilot and any packaging materials in accordance with local regulations.
- Do not dispose of the tool in regular household waste. Instead, consider recycling options available in

your area.

- Ensure that the tool is rendered unusable before disposal to prevent accidental injury.

## Contact Information for Further Support

For any inquiries regarding the safety and usage of the CHAMFER TOOL PILOTS BROWNELLS CHAMFER TOOL PILOT FOR .3840 CALIBER, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

## Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the CHAMFER TOOL PILOTS BROWNELLS CHAMFER TOOL PILOT FOR .3840 CALIBER. Always prioritize safety and proper handling to protect yourself and others while using this tool. Thank you for your attention to these important guidelines.
