# Safety Instruction Guide for .22 Intermediate Chamfering Kit

## Introduction

Thank you for choosing the .22 Intermediate Chamfering Kit. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the kit.

## General Safety Guidelines

- Ensure that the product is used in accordance with the instructions provided in this manual.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment (PPE), including safety goggles and gloves, when using the kit.
- Inspect the kit and its components before each use to ensure they are in good working condition.
- Do not use the kit for purposes other than those specified by the manufacturer.
- In case of any malfunction or damage, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Always work in a wellventilated area to avoid inhaling any dust or debris generated during use.
- Ensure that the workspace is clean and free from any hazards that could cause accidents.
- Use the appropriate cutter for the material being chamfered to prevent damage and ensure safety.
- Avoid wearing loose clothing or accessories that could become entangled in the tools.
- Store the kit in a secure location when not in use to prevent unauthorized access.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before beginning work.
- Ensure that you have selected the correct 90° Facing Cutter for your application.

### 2. Installation of the Cutter:

- Carefully remove the cutter from its packaging.
- Follow the manufacturer's instructions to securely attach the cutter to the chamfering tool.
- Ensure that the cutter is properly aligned and tightened to prevent it from becoming loose during use.

### 3. Using the Chamfering Kit:

- Position the material securely on a stable surface.
- Hold the chamfering tool firmly and apply even pressure while chamfering.
- Move the tool smoothly along the edge of the material to achieve a consistent chamfer.
- Regularly check the progress to avoid overchamfering or damaging the material.

### 4. PostUse Care:

- After completing the work, clean the cutter and tool to remove any debris.
- Store the kit in its original case or a safe location to protect it from damage.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the product is no longer usable, follow local guidelines for the disposal of tools and equipment.
- Recycle components where possible to minimize environmental impact.

## **Contact Information for Further Support**
