# Safety Instruction Guide for BRASS LAPS 32 CALIBER CHAMFERING KIT 18° BRASS LAP

## Introduction

Thank you for choosing the BRASS LAPS 32 CALIBER CHAMFERING KIT 18° BRASS LAP. This product is designed to help you achieve a perfect finish on your chamfer cuts. It is essential to use this product safely and correctly to ensure optimal performance and your safety. This guide provides important safety instructions, general guidelines, and specific precautions to follow while using this product.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the workspace is clean and free of clutter to prevent accidents.
- Use personal protective equipment (PPE) such as safety glasses and gloves when working with abrasive materials.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for wear and damage before each use.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use only the specified brass laps (5°, 11°, and 18°) with the appropriate fine abrasive.
- Do not exceed the recommended speed when using the brass laps to avoid accidents.
- Avoid direct contact with the abrasive surface to prevent skin injuries.
- Do not use the product if you are tired or under the influence of substances that impair your judgment.
- Ensure that the brass laps are securely attached to the tool before use.
- Always follow the manufacturer's instructions regarding the use and maintenance of the product.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have the correct brass lap for your intended chamfer angle (5°, 11°, or 18°).
- Gather all necessary tools and materials, including the fine abrasive.

### 2. Installation:

- Turn off and unplug any power tools before installing the brass lap.
- Securely attach the brass lap to the tool according to the manufacturer's instructions.
- Ensure that the lap is properly aligned and tightened to prevent it from coming loose during use.

### 3. Usage:

- Plug in and turn on the power tool.
- Slowly introduce the brass lap to the workpiece, applying even pressure.
- Use a steady motion to achieve a uniform finish on the chamfer cuts.
- After use, turn off the tool and unplug it before removing the brass lap.

## Disposal Instructions

- Dispose of any used or damaged brass laps in accordance with local regulations for hazardous materials.
- Do not dispose of the product in regular household waste.

- Consider recycling options if available in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the BRASS LAPS 32 CALIBER CHAMFERING KIT 18° BRASS LAP, please refer to the manufacturer's contact information provided with the product packaging or visit their official website.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your BRASS LAPS 32 CALIBER CHAMFERING KIT 18° BRASS LAP. Thank you for prioritizing safety and compliance with EU General Product Safety Regulation (GPSR).
