## **BRASS LAP Safety Instruction Guide**

### **Introduction**

Thank you for choosing the BRASS LAPS 22 CALIBER CHAMFERING KIT 11° BRASS LAP. This product is designed to provide the final touch of perfection to your chamfer cuts. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding the safe handling, usage, and disposal of the product in compliance with the EU General Product Safety Regulation (GPSR).

### **General Safety Guidelines**

- Ensure that the product is used in a wellventilated area to minimize inhalation of dust particles generated during use.
- Always wear appropriate personal protective equipment (PPE), including safety goggles, gloves, and a dust mask, to protect against potential hazards.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use. Do not use if damaged.
- Follow all local regulations regarding the use and disposal of abrasive materials.

### **Specific Safety Precautions for Use**

- **Hazard Identification:**

- The abrasive material can create fine dust particles that may be harmful if inhaled.
- The brass laps can become sharp and may cause cuts or injuries if not handled carefully.

- **Avoiding Hazards:**

- Always handle the brass laps with care. Avoid direct contact with the edges.
- Do not use excessive force when polishing to prevent breakage of the brass laps.
- Ensure that the brass laps are securely attached to the tool before use to prevent accidents.

- **AgeSpecific Warnings:**

- This product is not intended for use by individuals under the age of 18.

### **Instructions for Installation and Usage**

- **Installation:**

1. Select the appropriate brass lap (5°, 11°, or 18°) based on your specific needs.
2. Securely attach the brass lap to the tool using the manufacturer's instructions.
3. Ensure that the brass lap is firmly in place before proceeding.

- **Usage:**

1. Prepare the work area by ensuring it is clean and welllit.
2. Wear appropriate PPE before starting the polishing process.
3. Use a very fine abrasive with the brass lap to achieve the desired finish.
4. Apply light pressure while polishing to avoid damaging the brass lap or the workpiece.
5. Frequently check the progress and adjust your technique as necessary.

## **Disposal Instructions**

- Dispose of any used brass laps and abrasive materials in accordance with local regulations.
- Do not dispose of in regular household waste if it can be recycled or if hazardous waste regulations apply.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the use of this product, please reach out to your local distributor or the manufacturer directly. Always refer to the product packaging for specific contact details.

Thank you for following these safety guidelines. Your safety is our priority, and we hope you enjoy using the BRASS LAPS 22 CALIBER CHAMFERING KIT 11° BRASS LAP.
