

# GUNSMITH REPLACEABLE PIN PUNCH SET WITH 2-1/2 PINS - REPLACEMENT PIN PUNCH SET OF 3, W/2-1/2" PINS

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Punches](#)

Finally! What we think is the answer to the pin punch headache that has plagued us - and every other gunsmith who has ever knocked out a gun pin, had the punch break or bend, and been out of business until a new one could be made or ordered. Now - Just Replace The Tip! Handles, with removable knurled-chuck to hold punch, are made of powerful, fatigueproof C.R.S. Steel - Tensile strength of over 140,000 psi (Min.). Replaceable Punch - the secret of the tool. These are special, tool steel, bevel-headed punches designed for the tool, die and mold manufacturers as perforators, punches, ejectors and core pins. Oil hardened to Rc 58-60. Heads are annealed to Rc 42-45. They come in two lengths and can be ground down to exact length required - custom punches with minimum investment.

# GUNSMITH REPLACEABLE PIN PUNCH SET SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the GUNSMITH REPLACEABLE PIN PUNCH SET. This guide is designed to help you use the product safely and effectively. Please read these instructions carefully to ensure your safety and the longevity of the tool.

## General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the pin punch set.
- Ensure your work area is clean and welllit to avoid accidents.
- Keep the tool out of reach of children and unauthorized users.
- Do not use the tool for any purpose other than its intended use.
- Regularly inspect the tool for damage or wear before each use. Do not use damaged tools.
- Follow all local regulations regarding the use of tools and safety equipment.

## Specific Safety Precautions for Use

- When replacing the punch tip, ensure the tool is not in use and is placed on a stable surface.
- Avoid placing your hands near the punch tip when striking the punch with a hammer.
- Use a hammer that is appropriate for the size and type of punch you are using to prevent damage to the tool.
- Always strike the punch squarely to prevent it from slipping or bending.
- If the punch tip becomes stuck, do not force it out. Instead, apply penetrating oil and wait for it to loosen.
- Store the tool in a dry place to prevent rust and maintain its integrity.

## Instructions for Installation and Usage

### 1. Installation of Punch Tip:

- Remove the existing punch tip by unscrewing the knurled chuck.
- Insert the new punch tip into the chuck and tighten it securely.
- Ensure the punch is held firmly and does not wobble.

### 2. Using the Pin Punch Set:

- Select the appropriate punch size for the pin you intend to remove.
- Position the punch tip over the pin to be removed.
- Hold the punch firmly and strike it with a hammer at a 90degree angle.
- Repeat the process as necessary until the pin is fully removed.

### 3. Replacing Punch Tips:

- Follow the same steps as above to replace the punch tip when it becomes worn or damaged.
- Always check the new punch tip for any defects before installation.

## Disposal Instructions

- Dispose of any damaged or worn punch tips in accordance with local waste disposal regulations.
- Do not dispose of the tool in regular household waste. Instead, recycle it where possible, following your

local recycling guidelines.
