Take The Blow(\$) Out Of Replacing Pin Punches

GUNSMITH REPLACEABLE PIN PUNCH SET The Brownells Gunsmith Replaceable Pin Punch Set is a versatile and durable tool designed to enhance efficiency in firearm assembly and maintenance. This innovative set features a robust handle paired with replaceable punch tips, allowing for quick replacements and minimizing downtime during gunsmithing tasks.

Description and Features: High-Strength Handle: Crafted from fatigue-proof cold rolled steel (C.R.S.) with a tensile strength exceeding 140,000 psi, the handle ensures durability and longevity. Replaceable Punch Tips: The set includes tool steel, bevel-headed punches that are oil-hardened to a Rockwell hardness of Rc 58-60, with annealed heads at Rc 42-45. These replaceable tips can be ground to exact lengths as needed, offering customization for specific tasks. Secure Grip: A removable knurled chuck securely holds the punch tips in place during use, providing stability and precision. Available Sizes: The replaceable punch tips are available in various diameters to accommodate different pin sizes commonly encountered in firearms: 0.039" 0.060" 0.091" Each size is offered in lengths of 2 inches and 2.5 inches, providing flexibility for various applications. Specifications: Handle Material: Cold rolled steel (C.R.S.) Punch Material: Tool steel Hardness: Punch tips hardened to Rc 58-60; heads annealed to Rc 42-45 Available Punch Diameters: 0.039", 0.060", 0.091" Available Punch Lengths: 2 inches, 2.5 inches Customer Insights: Our customers report that the Brownells Gunsmith Replaceable Pin Punch Set is an invaluable addition to their toolkit. The ability to quickly replace punch tips reduces downtime, and the customizable lengths allow for precise application in various gunsmithing tasks. The high-strength handle provides a comfortable and secure grip, enhancing overall efficiency and accuracy. Incorporating the Brownells Gunsmith Replaceable Pin Punch Set into your gunsmithing toolkit ensures you have a reliable and adaptable solution for pin removal and installation, streamlining your firearm maintenance and assembly processes.

Safety Instruction Guide for the Gunsmith Replaceable Pin Punch Set

Introduction

Thank you for purchasing the Brownells Gunsmith Replaceable Pin Punch Set. This guide provides essential safety instructions and usage information to ensure safe and effective operation of the product. Please read this manual carefully before use to maximize your safety and the performance of the tool.

General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the pin punch set.
- Keep the work area clean and welllit to prevent accidents.
- Ensure that the tool is used only for its intended purpose as described in this guide.
- Do not use the punch set if it is damaged or if any components are missing.
- Store the tool in a safe place, out of reach of children and vulnerable individuals.
- Regularly inspect the punch tips for wear and replace them as necessary to maintain safety and effectiveness.

Specific Safety Precautions for Use

- **Handling Tools:** Always handle the pin punch set with care. Avoid using excessive force when driving pins to prevent tool breakage or injury.
- **Work Surface:** Use a stable work surface to prevent slipping or accidents during use.
- **Pin Removal:** When removing pins, ensure that the tool is aligned properly to avoid damaging the firearm or injuring yourself.
- **Punch Tips:** Use only the recommended punch tips for your specific application. Do not attempt to modify or use incompatible tips.
- **DistractionFree Environment:** Avoid distractions while using the tool to maintain focus and prevent accidents.

Instructions for Installation and Usage

1. Installation of Punch Tips:

- Select the appropriate punch tip based on the diameter required for your task.
- Ensure that the handle is securely tightened to hold the punch tip in place.
- Check that the punch tip is seated properly before use.

2. Using the Pin Punch:

- Position the punch tip over the pin you wish to remove or install.
- Apply steady and even pressure to drive the pin. Do not use excessive force.
- If the pin does not move, stop and reassess the alignment and condition of the punch tip.

3. Replacement of Punch Tips:

- To replace a punch tip, loosen the knurled chuck and remove the old tip.
- Insert the new punch tip and securely tighten the chuck to hold it in place.
- Always check that the new tip is properly installed before use.

Disposal Instructions

- Dispose of the tool and any worn or damaged punch tips in accordance with local regulations.
- Do not dispose of the tool in regular household waste. Check for recycling options or hazardous waste disposal facilities in your area.

Contact Information for Further Support
