

STARTER PUNCH SET - REPLACEABLE STARTER PUNCH 0.039" DIAMETER ONLY

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Punches](#)

Keeps Those Longer Pin/Drift Punches From Self-Destructing

We are constantly encouraging you to always use starting punches to break tight pins loose - then use a "drift" or pin-punch to drive the pin the rest of the way out. This saves bending pin punches, but much more importantly, it prevents fine guns from getting pin punch marks should the pin punch bend and slip - or - break, and scratch. To bring you the best possible Starter Punches, we have had special, Short Replaceable Pins made up to fit our famous Gunsmith's Replacement Punch Set Handles. Their regular use will definitely improve your production . . . and your professionalism!

STARTER PUNCH SET REPLACEABLE STARTER PUNCH SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the STARTER PUNCH SET REPLACEABLE STARTER PUNCH 0.039" DIAMETER ONLY. This product is designed for use in various applications, including gunsmithing and precision work. To ensure your safety and the proper functioning of this product, please read and follow the safety instructions and guidelines outlined in this document.

General Safety Guidelines

- Always use the starter punches as intended to avoid accidents and injuries.
- Ensure that the work area is clean, welllit, and free of distractions before using the product.
- Keep the tool out of reach of children and vulnerable individuals.
- Regularly inspect the punches and handles for any signs of wear or damage before use.
- If you notice any defects, do not use the product and contact the manufacturer for assistance.
- Be cautious when handling sharp objects and tools to prevent cuts or injuries.
- Store the tool in a safe place when not in use to prevent accidents.

Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, to protect yourself during use.
- Ensure that the punch is properly seated in the handle before applying force.
- Do not exceed the recommended force when using the punches to avoid bending or breaking.
- Avoid using the punch on materials that are not suitable for this tool.
- If the punch becomes stuck, do not force it out; instead, seek assistance or use appropriate techniques to remove it safely.

Instructions for Installation and Usage

1. Installation of Punches:

- Select the appropriate size punch for your application.
- Insert the punch into the handle until it is fully seated.
- Ensure that the punch is secure before proceeding.

2. Using the Punch:

- Position the punch over the pin or object you wish to work on.
- Hold the handle firmly and apply a controlled force to drive the punch.
- Once the pin is loosened, switch to a drift or pinpunch for the remainder of the removal process.

3. Replacement of Punches:

- When a punch becomes worn or damaged, remove it from the handle.
- Replace it with a new punch of the same size and ensure it is properly seated.

4. After Use:

- Clean the punches and handle to remove debris and prevent corrosion.
- Store the tool in a safe and dry location.

Disposal Instructions

- Dispose of any damaged or worn punches in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For any questions or concerns regarding the STARTER PUNCH SET REPLACEABLE STARTER PUNCH 0.039" DIAMETER ONLY, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety instructions, you can ensure a safe and effective experience with your STARTER PUNCH SET. Thank you for your attention to these important guidelines.
