

STARTER PUNCH SET - BROWNELLS REPLACEABLE STARTER PUNCH 0.060" DIAMETER ONLY

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Punches](#)

Keeps Those Longer Pin/Drift Punches From Self-Destructing

We are constantly encouraging you to always use starting punches to break tight pins loose - then use a "drift" or pin-punch to drive the pin the rest of the way out. This saves bending pin punches, but much more importantly, it prevents fine guns from getting pin punch marks should the pin punch bend and slip - or - break, and scratch. To bring you the best possible Starter Punches, we have had special, Short Replaceable Pins made up to fit our famous Gunsmith's Replacement Punch Set Handles. Their regular use will definitely improve your production . . . and your professionalism!

STARTER PUNCH SET BROWNELLS REPLACEABLE STARTER PUNCH 0.060" DIAMETER ONLY Safety Instruction Guide

Introduction

Thank you for choosing the STARTER PUNCH SET BROWNELLS REPLACEABLE STARTER PUNCH 0.060" DIAMETER ONLY. This product is designed to assist you in safely breaking tight pins loose and driving them out without damaging your tools or your firearms. To ensure your safety and the effective use of this product, please read and follow the instructions outlined in this guide.

General Safety Guidelines

- Always use starting punches to break tight pins loose before using a drift or pin punch.
- Avoid using excessive force that could cause the pin punch to bend or slip.
- Inspect the punches and pins for any signs of wear or damage before each use.
- Store the punch set in a dry place to prevent rust and deterioration.
- Keep out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the product.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the work area is clean and welllit to avoid accidents.
- Use the correct size punch for the pin you are working with to prevent damage.
- Do not use the starter punch set for any purpose other than intended.
- If a punch becomes stuck, do not force it out; instead, seek professional assistance.
- Be cautious of pin fragments that may be released during use; dispose of them properly.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the starter punch set, safety glasses, gloves, and a suitable work surface.
- Ensure that the firearm or item you are working on is secure and stable.

2. Using the Starter Punch:

- Select the appropriate starter punch size based on the diameter of the pin.
- Insert the starter punch into the pin's end, ensuring it fits snugly.
- Gently tap the punch with a hammer or mallet to break the pin loose.
- Once the pin is loosened, switch to a drift or pin punch to drive the pin completely out.

3. Replacing Pins:

- To replace a worn or damaged pin, remove it from the handle by unscrewing it.
- Insert a new pin of the correct size and secure it by tightening the screw.

4. PostUse Care:

- Clean the punches and pins after use to remove any debris or residue.
- Store the starter punch set in its designated case or holder to prevent damage.

Disposal Instructions

- Dispose of any damaged or wornout punches and pins according to local regulations.
- Ensure that all sharp objects are safely contained to prevent injury during disposal.

Contact Information for Further Support

For any safety inquiries or concerns regarding the STARTER PUNCH SET BROWNELLS REPLACEABLE STARTER PUNCH 0.060" DIAMETER ONLY, please refer to the manufacturer's contact information provided with the product packaging or visit their official website.

By following these guidelines, you can ensure a safe and effective experience with your STARTER PUNCH SET. Thank you for prioritizing safety and professionalism in your work.
