

STARTER PUNCH SET - REPLACEABLE PINS 1" X 0.039" 6 PACK

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Punches](#)

Keeps Those Longer Pin/Drift Punches From Self-Destructing

We are constantly encouraging you to always use starting punches to break tight pins loose - then use a "drift" or pin-punch to drive the pin the rest of the way out. This saves bending pin punches, but much more importantly, it prevents fine guns from getting pin punch marks should the pin punch bend and slip - or - break, and scratch. To bring you the best possible Starter Punches, we have had special, Short Replaceable Pins made up to fit our famous Gunsmith's Replacement Punch Set Handles. Their regular use will definitely improve your production . . . and your professionalism!

Attributes

Starter Punch Set Replaceable Pins 1" x 0.039" 6 Pack Safety Instructions

Introduction

Thank you for choosing the Starter Punch Set with Replaceable Pins. This guide provides essential safety instructions to ensure the safe and effective use of this product. By following these guidelines, you will help prevent accidents and ensure a safe working environment.

General Safety Guidelines

- Always use starting punches to break tight pins loose before using a drift or pinpunch.
- Avoid using excessive force that may cause bending or slipping of the pin punch.
- Inspect the product regularly for signs of wear or damage before each use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using this product.
- Ensure that the work surface is stable and secure before beginning any work.
- Use the correct size pin for the task to avoid damaging the tool or the workpiece.
- Do not use the punches on materials that are not intended for this product to prevent injury and tool damage.
- If a pin punch bends or breaks, stop using it immediately and replace it with a new one.
- Never attempt to modify or repair damaged tools; replace them instead.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure the work area is clean and welllit.

2. Using the Punch Set:

- Select the appropriate punch and replaceable pin size for your task:
 - .039" (.99mm) for 3/64" (1.2mm) diameter pins.
 - .060" (1.5mm) for 1/16" (1.6mm) diameter pins.
 - .091" (2.3mm) for 3/32" (2.4mm) diameter pins.
- Insert the replaceable pin into the punch handle securely.
- Position the punch over the pin you wish to drive out.
- Gently tap the punch handle with a hammer to begin driving the pin out.
- If resistance is felt, stop and check for any obstruction before continuing.

3. PostUse Care:

- Clean the punches and pins after use to remove any debris.
- Store the punch set in a dry, safe location away from children and pets.
- Regularly inspect the set for any signs of wear or damage.

Disposal Instructions

- Dispose of any damaged or wornout punches and pins according to local regulations.
- Ensure that all components are disposed of in an environmentally friendly manner.

Contact Information for Further Support

For safety inquiries or further assistance regarding this product, please refer to the manufacturer's contact details provided on the packaging.

By adhering to these safety instructions, you will ensure a safer working environment while using the Starter Punch Set. Thank you for your attention to safety!
