Keeps Those Longer Pin/Drift Punches From Self-Destructing

We are constantly encouraging you to always use starting punches to break tight pins loose - then use a "drift" or pin-punch to drive the pin the rest of the way out. This saves bending pin punches, but much more importantly, it prevents fine guns from getting pin punch mars should the pin punch bend and slip - or - break, and scratch. To bring you the best possible Starter Punches, we have had special, Short Replaceable Pins made up to fit our famous Gunsmith's Replacement Punch Set Handles. Their regular use will definitely improve your production . . . and your professionalism!

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear appropriate PPE, including safety glasses and gloves, to protect against flying debris and sharp objects.
- **Proper Handling:** Use the punches and pins as intended. Do not use excessive force, as this could lead to breakage or injury.
- **Avoid Pin Punch Marks:** Ensure that the pin punch is properly aligned with the pin to avoid bending or slipping, which can cause scratches on fine guns.
- **Use of Drift or PinPunch:** After breaking tight pins loose with a starting punch, use a drift or pinpunch to drive the pin the rest of the way out. This helps prevent damage to the tool and the workpiece.
- **Replacement Pins:** Only use replacement pins specified in the product specifications. Using incorrect pins may lead to tool failure or injury.

Instructions for Installation and Usage

- **Installation:**

1. Select the appropriate punch handle from the set.
2. Choose a replacement pin that fits your specific application.
3. Insert the pin into the punch handle until it is securely in place.
4. Ensure the pin is properly seated before use.

- **Usage:**

1. Place the punch on the pin you wish to drive out.
2. Gently tap the punch with a hammer to start driving the pin.
3. If the pin is tight, carefully use the starting punch to break it loose before using the drift or pinpunch.
4. Continue to tap until the pin is fully removed.
5. Inspect the area for any remaining debris before proceeding with other tasks.

Disposal Instructions

- Dispose of any damaged or worn punches and pins in accordance with local regulations.
