

# SHOTGUN BEAD FACING CUTTER - #3 SHANK SHOTGUN BEAD FACING CUTTER .099" DIAMETER

[Gunsmith Tools & Supplies](#) > [Shotgun Tools](#) > [Shotgun Sight Tools](#)

## Trims Away The Last "Whisker" For A Squared-Up Sight Installation

No more tilted, sloppy looking, half square front sight beads. Faces-off the base of "Bradley"-style (Bev-L-Blok, Raybar, Sunspot, etc.) beads so they end up straight and square to the center of the rib or barrel when tightened. Six-bladed cutter with precisely drilled hollow center accepts bead shank. Turning the handle trims base of the bead at a true 90° angle that's absolutely square with the shank.

## Attributes

# SHOTGUN BEAD FACING CUTTER #3 SHANK USER MANUAL

## Introduction

Thank you for choosing the SHOTGUN BEAD FACING CUTTER #3 SHANK. This tool is designed to provide you with a precise and efficient way to faceoff the base of "Bradley" style shotgun sight beads, ensuring they are straight and square when tightened. This manual contains important safety instructions and guidelines to help you use the product safely and effectively.

## General Safety Guidelines

- Always read the entire manual before using the product.
- Ensure you are in a welllit and safe environment while using the cutter.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the cutter for any damage or wear before each use.
- Wear appropriate safety gear, including safety glasses and gloves, to protect yourself from potential injuries.
- Always use the tool as intended and follow the instructions provided in this manual.
- Do not modify the tool or use it for purposes other than those specified.

## Specific Safety Precautions for Use

- Handle the cutter with care to avoid accidental cuts or injuries.
- Always keep your hands and fingers clear of the cutting area when operating the tool.
- Ensure the bead shank is securely held in place before starting the cutting process.
- Do not apply excessive force when using the cutter; let the tool do the work.
- If you experience any discomfort or difficulty while using the cutter, stop immediately and assess the situation.
- Store the cutter in a safe and dry place when not in use to prevent damage and ensure longevity.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary materials, including the shotgun bead facing cutter and the bead you wish to modify.
- Ensure you have a stable work surface.

### 2. Installation of Bead:

- Insert the bead shank into the hollow center of the cutter.
- Make sure the bead is securely positioned and aligned with the cutter.

### 3. Using the Cutter:

- Hold the handle firmly with one hand.
- With your other hand, gently turn the handle to begin cutting.
- Ensure the cutter is perpendicular to the bead shank to achieve a true 90° angle.
- Continue turning until the base of the bead is trimmed to your satisfaction.

### 4. PostUse Care:

- After use, clean the cutter to remove any debris or residue.
- Inspect the cutter for any signs of damage or wear.

## **Disposal Instructions**

- Dispose of the cutter responsibly at the end of its life cycle.
- Follow local regulations for the disposal of tools and materials.
- If the cutter is damaged, do not attempt to repair it; dispose of it safely.

## **Contact Information for Further Support**

For any questions or concerns about the SHOTGUN BEAD FACING CUTTER #3 SHANK, please refer to the manufacturer's contact details provided on the packaging or product documentation. Always ensure you are following the latest safety guidelines and regulations.

By following the instructions and guidelines outlined in this manual, you will ensure a safe and effective experience with your SHOTGUN BEAD FACING CUTTER #3 SHANK. Thank you for your attention to safety and proper use.
