

# SHOTGUN BEAD FACING CUTTER - #8 SHANK SHOTGUN BEAD FACING CUTTER .166" DIAMETER

[Gunsmith Tools & Supplies](#) > [Shotgun Tools](#) > [Shotgun Sight Tools](#)

## Trims Away The Last "Whisker" For A Squared-Up Sight Installation

No more tilted, sloppy looking, half square front sight beads. Faces-off the base of "Bradley"-style (Bev-L-Blok, Raybar, Sunspot, etc.) beads so they end up straight and square to the center of the rib or barrel when tightened. Six-bladed cutter with precisely drilled hollow center accepts bead shank. Turning the handle trims base of the bead at a true 90° angle that's absolutely square with the shank.

# SHOTGUN BEAD FACING CUTTER #8 SHANK USER SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the SHOTGUN BEAD FACING CUTTER #8 SHANK. This tool is designed to help you achieve precise and professional results when installing shotgun beads. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always read the product manual before use.
- Ensure you are in a welllit and clean workspace.
- Keep the product out of reach of children and pets.
- Use the product only for its intended purpose.
- Regularly inspect the tool for any signs of damage or wear.
- If the tool is damaged, do not use it and contact a professional for repair or replacement.
- Wear appropriate personal protective equipment (PPE), including safety goggles and gloves, to protect against debris and sharp edges.

## Specific Safety Precautions for Use

- Handle the cutter with care to avoid injury from the sharp blades.
- Always ensure the bead is securely held in place before cutting.
- Do not apply excessive force when using the cutter; let the tool do the work.
- Avoid distractions while using the cutter to maintain focus and precision.
- Store the cutter in a safe place when not in use, preferably in a protective case.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary materials, including the shotgun bead and the SHOTGUN BEAD FACING CUTTER.
- Ensure your workspace is organized and free from clutter.

### 2. Setting Up the Tool:

- Insert the bead shank into the hollow center of the cutter.
- Ensure that the bead is properly aligned with the cutter's blades.

### 3. Cutting Process:

- Firmly grip the handle of the cutter.
- Slowly turn the handle to trim the base of the bead, ensuring you maintain a 90° angle.
- Check the bead alignment frequently to ensure it remains straight and square.

### 4. Finishing Up:

- Once the cutting is complete, carefully remove the bead from the cutter.
- Inspect the bead to ensure it meets your desired specifications.

### 5. Cleaning and Maintenance:

- After use, clean the cutter with a soft cloth to remove any debris.
- Store the cutter in a dry place to prevent rust and damage.

## **Disposal Instructions**

- Dispose of the SHOTGUN BEAD FACING CUTTER responsibly at the end of its life cycle.
- If the cutter is damaged beyond repair, check local regulations for proper disposal methods.
- Do not dispose of the product in regular household waste; consider recycling options if available.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the SHOTGUN BEAD FACING CUTTER, please refer to the manufacturer's contact details provided in the product packaging or visit their official website.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with the SHOTGUN BEAD FACING CUTTER #8 SHANK. Always prioritize safety and proper handling to achieve the best results. Thank you for your attention to these guidelines.
