

# BLACK ROLL PIN KIT - ROLL PIN REFILL 3/32" DIA., 5/16" (8MM) LENGTH 36 PACK

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Roll Pins](#)

## Growing Popularity Demands You Have This Convenient Assortment

With the increasing use of roll pins in guns, we've been looking for a good assortment of them in black steel finish to offer. Finally found it - with 850 pins in 8 diameters and various lengths (see below). Should take care of most gun needs! Great for other shop jobs too. Make jigs, fixtures, or use to replace taper pins, dowels, groove pins, set screws, etc. Will not slip or vibrate out. Easy to use, as require no threading or taping. Can be cut to any length; can be blued or plated. Use the Roll Pin Punches for positive, safe removal.

# BLACK ROLL PIN KIT SAFETY INSTRUCTIONS

## Introduction

Thank you for purchasing the BLACK ROLL PIN KIT. This product is designed for various applications, including gun assembly and general shop tasks. It is important to follow the safety instructions provided in this guide to ensure safe and effective use.

## General Safety Guidelines

- Ensure that the work area is clean and welllit.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the roll pins for any signs of damage or wear before use.
- Do not use the roll pins for any purpose other than intended applications.
- Follow local regulations for the disposal of metal products.

## Specific Safety Precautions for Use

- Handle roll pins with care to avoid injury. Sharp edges may be present.
- Use the Roll Pin Punches as instructed for safe and effective removal.
- Do not force the pins into place; ensure they fit properly to avoid breakage.
- If a pin is difficult to remove, do not use excessive force. Seek professional assistance if necessary.
- Avoid using roll pins in environments with extreme temperatures or corrosive substances.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including the Roll Pin Punches.
- Ensure the work surface is stable and secure.

### 2. Installation:

- Select the correct size roll pin for your application.
- Align the roll pin with the corresponding holes in the workpiece.
- Gently tap the roll pin into place using the Roll Pin Punch. Ensure it is seated evenly.

### 3. Removal:

- To remove a roll pin, position the Roll Pin Punch over the pin.
- Gently tap the punch with a hammer to drive the pin out. Ensure you are in a controlled position to avoid injury.

### 4. Cutting:

- If necessary, roll pins can be cut to the desired length using appropriate cutting tools.
- Always wear safety gear when cutting and ensure the cutting tool is appropriate for metal.

## Disposal Instructions

- Dispose of any unused or damaged roll pins in accordance with local regulations for metal waste.
- Do not dispose of roll pins in regular household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the BLACK ROLL PIN KIT, please contact the manufacturer or refer to the product packaging for information on how to reach customer support.

Please ensure that you read and understand these safety instructions before using the BLACK ROLL PIN KIT. Proper usage will help you achieve the best results while maintaining safety.
