

BLACK ROLL PIN KIT - BROWNELLS ROLL PIN REFILL 7/32" DIA., 5/8" (15.9MM) LENGTH 12 PACK

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Roll Pins](#)

Growing Popularity Demands You Have This Convenient Assortment

With the increasing use of roll pins in guns, we've been looking for a good assortment of them in black steel finish to offer. Finally found it - with 850 pins in 8 diameters and various lengths (see below). Should take care of most gun needs! Great for other shop jobs too. Make jigs, fixtures, or use to replace taper pins, dowels, groove pins, set screws, etc. Will not slip or vibrate out. Easy to use, as require no threading or taping. Can be cut to any length; can be blued or plated. Use the Roll Pin Punches for positive, safe removal.

7/32" Dia., 5/8" (15.9mm) length Roll Pins, Qty 12

BLACK ROLL PIN KIT Safety Instruction Guide

Introduction

Thank you for purchasing the BLACK ROLL PIN KIT from BROWNELLS. This guide provides essential safety information and instructions for the safe use of roll pins. Please read this guide carefully to ensure proper handling and usage of the product.

General Safety Guidelines

- Always use roll pins in accordance with the manufacturer's specifications.
- Ensure that the work area is clean and free of hazards before beginning any work.
- Keep roll pins out of reach of children and pets to prevent accidental injury.
- Inspect roll pins for any defects or damage before use. Do not use damaged pins.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling roll pins.
- Be aware of your surroundings and avoid distractions while working with tools and roll pins.

Specific Safety Precautions for Use

- Ensure that the correct size of roll pin is selected for your application.
- Use a proper punch or tool designed for roll pin installation to avoid injury.
- When installing roll pins, ensure that fingers and hands are clear of the impact area to prevent pinching or injury.
- If a roll pin becomes stuck, do not force it. Instead, use a proper removal tool or consult a professional for assistance.
- Do not use roll pins for any purpose other than intended applications.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the BLACK ROLL PIN KIT, a punch set, and safety gear.
- Choose the appropriate size roll pin for your task (7/32" diameter).

2. Installation:

- Align the components that require the roll pin.
- Insert the roll pin into the aligned holes.
- Use a punch to drive the roll pin into place gently. Ensure that the punch is aligned with the pin to avoid bending or damaging it.
- Check that the roll pin is seated properly and securely in place.

3. Removal:

- To remove a roll pin, use a punch to gently tap it out from the opposite side.
- If the roll pin is difficult to remove, apply a small amount of penetrating oil and allow it to sit for a few minutes before attempting removal again.

Disposal Instructions

- Dispose of any damaged or unusable roll pins in accordance with local regulations regarding metal waste.
- Do not dispose of roll pins in regular household waste. Check with local waste management for proper

disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or additional support, please contact the manufacturer directly through their official channels.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using the BLACK ROLL PIN KIT. Always prioritize safety and adhere to the guidelines provided in this document. Thank you for choosing BROWNELLS products.
