

BLACK ROLL PIN KIT - BROWNELLS ROLL PIN REFILL 1/4" DIA., 1" (2.5CM) LENGTH 6 PACK

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Roll Pins](#)

Growing Popularity Demands You Have This Convenient Assortment

With the increasing use of roll pins in guns, we've been looking for a good assortment of them in black steel finish to offer. Finally found it - with 850 pins in 8 diameters and various lengths (see below). Should take care of most gun needs! Great for other shop jobs too. Make jigs, fixtures, or use to replace taper pins, dowels, groove pins, set screws, etc. Will not slip or vibrate out. Easy to use, as require no threading or taping. Can be cut to any length; can be blued or plated. Use the Roll Pin Punches for positive, safe removal.

BLACK ROLL PIN KIT BROWNELLS ROLL PIN REFILL

Safety Instruction Guide

Introduction

Thank you for choosing the BLACK ROLL PIN KIT BROWNELLS ROLL PIN REFILL. This guide provides essential safety instructions and information to ensure the safe use of this product. Please read this guide carefully before using the roll pins.

General Safety Guidelines

- Always ensure that the workspace is clean and free from obstacles before starting any work.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, to protect against sharp edges and metal debris.
- Keep roll pins out of reach of children and vulnerable individuals to prevent accidents.
- Ensure proper ventilation in the workspace to avoid inhaling any particles or fumes generated during use.
- Regularly inspect tools and equipment for wear and damage before use.

Specific Safety Precautions for Use

- Use the correct diameter and length of roll pin for your specific application to avoid improper fit and potential failure.
- When using roll pin punches, ensure they are correctly aligned with the pin to avoid slipping or damaging the pin.
- Avoid using excessive force when installing or removing roll pins to prevent injury or damage to surrounding components.
- If a roll pin is difficult to remove, do not force it. Instead, seek assistance or consult a professional.
- Do not use roll pins for applications that exceed their specified load capacity.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including roll pin punches, hammers, and safety equipment.
- Select the appropriate roll pin based on your project requirements.

2. Installation:

- Align the roll pin with the hole where it will be installed.
- Use a roll pin punch to gently tap the roll pin into place. Start with light taps and gradually increase force as necessary.
- Ensure the roll pin is flush with the surface of the material.

3. Removal:

- To remove a roll pin, align the roll pin punch over the pin.
- Gently tap the punch to drive the pin out. Ensure the punch is perpendicular to the pin to prevent damage.
- If the pin does not move, check for any obstructions or misalignment before attempting again.

4. Cutting:

- If you need to cut the roll pin to a specific length, use appropriate cutting tools.

- Always wear safety glasses when cutting to protect your eyes from metal shavings.

Disposal Instructions

- Dispose of any unused or damaged roll pins and packaging materials in accordance with local regulations.
- Do not dispose of roll pins in regular household waste. Check with local recycling centers for proper disposal options.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the product packaging or the manufacturer's website. Ensure that you have the product details available when seeking support.

By following the safety guidelines and instructions provided in this manual, you can ensure a safe and effective experience with the BLACK ROLL PIN KIT BROWNELLS ROLL PIN REFILL. Always prioritize safety and seek assistance if you are unsure about any procedures. Thank you for your attention to these important safety instructions.
