

# PLUG SCREW KIT - PLUG SCREW REFILL 6-40 BLUED 12 PACK

[Gunsmith Tools & Supplies](#) > [Small Hardware](#) > [Metal Screws](#)

## Plug Most Any Sight Or Scope Mount Hole On Blued & Stainless Steel Firearms

Handy, money saving assortment of positive stop and standard plug screws in the two most popular sizes. Plug screws are a real time saver around the shop. Fast and easy way to fill holes on barrels and firearm receivers. Can be ground flush and blued or polished, and most times it will be tough to tell if a hole was ever there. Positive stop screws have a rounded top that blends right in with most barrel contours without grinding. Kit also includes pair of chrome-plated, flat jaw tweezers to easily pick up the right screw, and our handy Checker/Shortener Jig makes grinding screws to the right length fast and easy.

# Safety Instruction Guide for PLUG SCREW KIT PLUG SCREW REFILL 640 BLUED 12 PACK

## Introduction

Thank you for choosing the PLUG SCREW KIT PLUG SCREW REFILL 640 BLUED 12 PACK. This kit contains a handy assortment of plug screws designed to save time and effort in your workshop. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always handle tools and screws with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling screws and tools.
- Avoid using excessive force when inserting or removing screws to prevent stripping or damaging the material.
- Ensure that the work area is clean and free of hazards to prevent accidents.
- When grinding screws, ensure that the area is wellventilated and that proper dust extraction methods are employed.
- Store the screws in a secure and organized manner to prevent accidental spills or loss.

## Instructions for Installation and Usage

### 1. Selecting the Right Screw:

- Choose the appropriate size and type of plug screw for your application.
- Use the included chromeplated, flat jaw tweezers to easily pick up the right screw.

### 2. Preparing the Hole:

- Ensure that the hole is clean and free of debris.
- If necessary, use a drill to prepare the hole to the correct size for the plug screw.

### 3. Inserting the Screw:

- Carefully insert the plug screw into the prepared hole.
- Use a screwdriver to tighten the screw, ensuring it is flush with the surface.

### 4. Finishing Touches:

- If desired, grind the screw flush and apply bluing or polishing for a seamless finish.
- Always check that the screw is secure and properly installed.

### 5. Using the Checker/Shortener Jig:

- Align the screw in the jig as per the instructions provided.

- Grind the screw to the desired length using appropriate tools.

## **Disposal Instructions**

- Dispose of any unused or damaged screws in accordance with local regulations.
- Do not dispose of screws in regular household waste. Instead, use designated recycling facilities if available.
- Ensure that all packaging materials are disposed of responsibly.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the PLUG SCREW KIT PLUG SCREW REFILL 640 BLUED 12 PACK, please refer to the manufacturer's contact information provided on the product packaging or visit the manufacturer's website.

Thank you for your attention to these safety instructions. Enjoy your work with the PLUG SCREW KIT!
