

# PLUG SCREW KIT - BROWNELLS POSITIVE STOP REFILL 6-48 BLUED 12 PACK

[Gunsmith Tools](#) > [Small Hardware](#) > [Metal Screws](#)

## Plug Most Any Sight Or Scope Mount Hole On Blued & Stainless Steel Firearms

Handy, money saving assortment of positive stop and standard plug screws in the two most popular sizes. Plug screws are a real time saver around the shop. Fast and easy way to fill holes on barrels and firearm receivers. Can be ground flush and blued or polished, and most times it will be tough to tell if a hole was ever there. Positive stop screws have a rounded top that blends right in with most barrel contours without grinding. Kit also includes pair of chrome-plated, flat jaw tweezers to easily pick up the right screw, and our handy Checker/Shortener Jig makes grinding screws to the right length fast and easy.

# Safety Instructions for PLUG SCREW KIT BROWNELLS POSITIVE STOP REFILL 648 BLUED 12 PACK

## Introduction

Thank you for purchasing the PLUG SCREW KIT BROWNELLS POSITIVE STOP REFILL 648 BLUED 12 PACK. This product is designed to assist in filling holes on barrels and firearm receivers safely and effectively. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the screws with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any damage or wear before use.
- If you notice any defects, do not use the product and report it to the manufacturer.
- Follow all local laws and regulations regarding firearm modifications and repairs.

## Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE), such as gloves and safety goggles, when handling the screws.
- Ensure that the work area is clean, welllit, and free from distractions.
- Avoid using excessive force when inserting screws to prevent stripping or damaging the material.
- Be cautious of sharp edges while grinding screws to achieve a flush finish.
- Always doublecheck the size and type of screw before use to ensure compatibility with your firearm.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including the Checker/Shortener Jig and tweezers.
- Ensure that the work area is clean and organized.

### 2. Selecting the Right Screw:

- Use the chromeplated tweezers to pick up the desired screw from the kit.
- Verify that the selected screw size matches the hole you intend to fill.

### 3. Grinding the Screw (if necessary):

- Place the screw in the Checker/Shortener Jig.
- Grind the screw to the desired length, ensuring it fits flush with the surface.
- Take care not to grind too much, as this may compromise the screw's integrity.

### 4. Inserting the Screw:

- Align the screw with the hole and gently insert it using a screwdriver.
- Do not force the screw; if resistance is felt, remove it and check for alignment or debris.

### 5. Finishing:

- Once the screw is in place, you may choose to grind it flush and apply bluing or polishing as desired.
- Inspect the area to ensure that the screw is properly seated and secure.

## **Disposal Instructions**

- Dispose of any unused or damaged screws in accordance with local waste disposal regulations.
- Do not dispose of screws in regular household waste if they are considered hazardous.
- Consider recycling options where available.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the PLUG SCREW KIT BROWNELLS POSITIVE STOP REFILL 648 BLUED 12 PACK, please consult the manufacturer or your local distributor for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your PLUG SCREW KIT. Always prioritize safety and compliance with local regulations when using this product. Thank you for your attention to these important guidelines.
