## Slotted-Head Screws For All Scope & Sight Mounting Jobs

This Kit has been extremely popular with our customers for many years. The gunsmiths and dealers who do any type of sight work have found that they do not like to be without it. The slotted-head screws included in the kit cover at least 99% of all scope and iron sight mounting requirements. The Screw Kit is packed in a plastic box and contains 12 each of the most popular 18 screw sizes needed when working with scopes or sights. It also has a pair of chrome-plated tweezers with flat jaws for easily picking up the right screw and our handy, Checker/Shortener Jig that makes grinding screws to the right length fast and easy. The screws are made of high strength, forged tool steel, feature slotted-heads and are tempered and blued to rigid specifications. We suggest that should a screw need to be cut and fitted, it should be treated with rust-prohibitive OXPHO-BLUE™ before it is used to give it a highly rust-resistant, tough, blue coat to make your job look and wear better. The kit is available to you at a very substantial savings over the cost of buying the screws singly. It is an opportunity to have just the right, hard-to-find sight base screw when you need it, for only a minimal cost ... an advantage that will pay for itself time after time in repair or installation jobs.

## Attributes

- Name: [SIGHT BASE SCREW KIT](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 080535000
- Mfr. No.:

# SIGHT BASE SCREW KIT Safety Instruction Guide

## Introduction

Thank you for choosing the SIGHT BASE SCREW KIT by BROWNELLS. This guide provides important safety information and instructions to ensure the safe and effective use of the product. Please read this guide carefully before using the kit.

## General Safety Guidelines

- Always handle screws and tools with care to prevent injury.
- Ensure that your working area is clean and welllit to avoid accidents.
- Keep the kit out of reach of children and vulnerable individuals.
- Inspect the screws and tools for any damage before use. Do not use damaged items.
- Follow all local regulations regarding the disposal of materials.

## Specific Safety Precautions for Use

- Wear safety glasses to protect your eyes from debris when working with screws.
- Use gloves to protect your hands from sharp edges and potential injury.
- Ensure that the screws are used for their intended purpose only, as specified in the product description.
- Avoid using excessive force when installing screws to prevent stripping or breaking.
- If using the Checker/Shortener Jig, ensure it is properly secured before grinding screws.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and materials, including the SIGHT BASE SCREW KIT, the Checker/Shortener Jig, and safety equipment.
- Choose the appropriate screw size based on your specific requirements.

### 2. Using the Screws

- Select a slottedhead screw from the kit that matches your mounting needs.
- If the screw needs to be shortened, use the Checker/Shortener Jig to grind it to the desired length.
- Before installation, treat the cut end of the screw with rustprohibitive OXPHOBLUE™ for enhanced rust resistance.

### 3. Installation

- Align the screw with the mounting hole of the sight or scope.
- Using a suitable screwdriver, turn the screw clockwise until it is securely fastened. Avoid overtightening.
- If you encounter resistance, stop and check for crossthreading or misalignment.

### 4. PostInstallation

- After installation, doublecheck that all screws are secure.
- Clean up any debris or leftover materials from your work area.

## Disposal Instructions

- Dispose of any unused screws and packaging materials in accordance with local waste disposal

regulations.

- If any screws are damaged or unusable, ensure they are disposed of safely to avoid injury.

## Contact Information for Further Support

For any inquiries or further assistance regarding the SIGHT BASE SCREW KIT, please refer to the contact information provided by the retailer or manufacturer. It is important to report any unsafe products or incidents to the relevant authorities.

By following these safety instructions, you can ensure a safe and effective experience with your SIGHT BASE SCREW KIT. Thank you for your attention to safety!
