[Gunsmith Tools](#) > [Small Hardware](#) > [Metal Screws](#)

## **Slotted-Head Screws For All Scope & Sight Mounting Jobs**

This Kit has been extremely popular with our customers for many years. The gunsmiths and dealers who do any type of sight work have found that they do not like to be without it. The slotted-head screws included in the kit cover at least 99% of all scope and iron sight mounting requirements. The Screw Kit is packed in a plastic box and contains 12 each of the most popular 18 screw sizes needed when working with scopes or sights. It also has a pair of chrome-plated tweezers with flat jaws for easily picking up the right screw and our handy, Checker/Shortener Jig that makes grinding screws to the right length fast and easy. The screws are made of high strength, forged tool steel, feature slotted-heads and are tempered and blued to rigid specifications. We suggest that should a screw need to be cut and fitted, it should be treated with rust-prohibitive OXPHO-BLUE™ before it is used to give it a highly rust-resistant, tough, blue coat to make your job look and wear better. The kit is available to you at a very substantial savings over the cost of buying the screws singly. It is an opportunity to have just the right, hard-to-find sight base screw when you need it, for only a minimal cost ... an advantage that will pay for itself time after time in repair or installation jobs.

# **SIGHT BASE SCREW KIT BROWNELLS 648X1/2" FILLISTER HEAD SIGHT BASE SCREW REFILL 12 PACK Safety Instructions**

## **Introduction**

Thank you for purchasing the SIGHT BASE SCREW KIT BROWNELLS 648X1/2" FILLISTER HEAD SIGHT BASE SCREW REFILL 12 PACK. This product is designed to meet the needs of gunsmiths and dealers working with scopes and iron sights. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

## **General Safety Guidelines**

- Always handle screws and tools with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect all screws and tools before use to ensure they are in good condition.
- Do not use damaged or worn screws as they may pose safety risks.
- Follow all instructions and guidelines provided in this manual.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## **Specific Safety Precautions for Use**

- **Personal Protective Equipment (PPE):**
  - Wear safety glasses to protect your eyes from debris.
  - Use gloves to prevent cuts and injuries while handling screws and tools.
- **Work Area Safety:**
  - Ensure your work area is clean, welllit, and free of distractions.
  - Use a stable work surface to prevent slips and falls.
- **Screw Handling:**
  - Always use the appropriate size screwdriver for the screws to avoid stripping.
  - Do not overtighten screws, as this can lead to damage or injury.
- **Screw Cutting and Fitting:**
  - If you need to cut screws, use appropriate tools and follow safety guidelines.
  - Treat cut screws with rustprohibitive OXPHOBLUE™ to enhance rust resistance.

## **Instructions for Installation and Usage**

- **Preparation:**
  - Gather all necessary tools and components before starting.
  - Organize screws by size for easier access during installation.
- **Installation Steps:**

1. Select the appropriate screw size from the kit.
2. Align the sight or scope with the mounting holes.
3. Insert the screw into the hole and handtighten it initially.
4. Use the screwdriver to tighten the screw securely, but do not overtighten.
5. Repeat the process for all screws needed for installation.

- **Using the Checker/Shortener Jig:**

- Place the screw into the jig to measure and mark the desired length.
- Use a suitable cutting tool to cut the screw to the marked length.
- Smooth any rough edges after cutting to prevent injury.

- **Using the Tweezers:**

- Use the chromeplated tweezers to pick up and position screws easily.
- Ensure the tweezers are clean and free from grease for better grip.

## **Disposal Instructions**

- Dispose of any unused screws and packaging materials in accordance with local regulations.
- Do not dispose of screws in a manner that could pose a hazard to others or the environment.
- Consider recycling options for packaging materials where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the SIGHT BASE SCREW KIT, please refer to your retailer or the manufacturer's website for further assistance and support.

By following these safety instructions, you can ensure a safe and effective experience with your SIGHT BASE SCREW KIT. Thank you for your attention to safety, and enjoy your work with this essential tool!
