[Gunsmith Tools](#) > [Small Hardware](#) > [Metal Screws](#)

## **Slotted-Head Screws For All Scope & Sight Mounting Jobs**

This Kit has been extremely popular with our customers for many years. The gunsmiths and dealers who do any type of sight work have found that they do not like to be without it. The slotted-head screws included in the kit cover at least 99% of all scope and iron sight mounting requirements. The Screw Kit is packed in a plastic box and contains 12 each of the most popular 18 screw sizes needed when working with scopes or sights. It also has a pair of chrome-plated tweezers with flat jaws for easily picking up the right screw and our handy, Checker/Shortener Jig that makes grinding screws to the right length fast and easy. The screws are made of high strength, forged tool steel, feature slotted-heads and are tempered and blued to rigid specifications. We suggest that should a screw need to be cut and fitted, it should be treated with rust-prohibitive OXPHO-BLUE™ before it is used to give it a highly rust-resistant, tough, blue coat to make your job look and wear better. The kit is available to you at a very substantial savings over the cost of buying the screws singly. It is an opportunity to have just the right, hard-to-find sight base screw when you need it, for only a minimal cost ... an advantage that will pay for itself time after time in repair or installation jobs.

## **Attributes**

- Name: [BROWNELLS 6-48X3/8" FILLISTER HEAD SIGHT BASE SCREW REFILL 12 PACK](#)
- Manufacturer: [BROWNELLS](#)

# **Safety Instruction Guide for SIGHT BASE SCREW KIT BROWNELLS 648X3/8" FILLISTER HEAD SIGHT BASE SCREW REFILL 12 PACK**

## **Introduction**

Thank you for choosing the SIGHT BASE SCREW KIT from BROWNELLS. This kit is designed to provide you with the necessary screws for mounting scopes and iron sights safely and effectively. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

## **General Safety Guidelines**

- Always handle screws and tools with care to avoid injury.
- Keep the kit out of reach of children and vulnerable individuals.
- Inspect all screws and tools before use to ensure they are in good condition.
- Do not use damaged screws or tools; replace them immediately.
- Follow all instructions provided in this guide for safe installation and usage.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform regularly.

## **Specific Safety Precautions for Use**

- Use appropriate personal protective equipment (PPE), such as safety glasses, when working with screws and tools.
- Ensure that your workspace is clean and welllit to avoid accidents.
- Be mindful of small parts that can pose a choking hazard, especially around children.
- Avoid overtightening screws, as this can damage the sight or scope and lead to potential hazards.
- When cutting screws, use the Checker/Shortener Jig provided in the kit to ensure safe and accurate results.
- Treat any cut screws with OXPHOBLUE™ to prevent rust and ensure longevity.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Gather all necessary tools and ensure your workspace is clean.
- Select the appropriate screw size from the kit based on your specific mounting requirements.

### **2. Using the Tweezers:**

- Utilize the chromeplated tweezers with flat jaws to pick up screws easily.
- Ensure the tweezers are clean and free from any debris before use.

### **3. Mounting Screws:**

- Align the sight or scope with the mounting base.
- Insert the selected screw into the mounting hole.
- Use a screwdriver to tighten the screw gently. Avoid overtightening.

### **4. Cutting Screws (if necessary):**

- If a screw needs to be cut, use the Checker/Shortener Jig included in the kit.
- Follow the instructions provided with the jig to ensure accurate and safe cutting.
- After cutting, treat the screw with OXPHOBLUE™ to protect against rust.

#### **5. Final Checks:**

- Once all screws are installed, doublecheck to ensure they are secure.
- Inspect the mounted sight or scope for proper alignment and stability.

## **Disposal Instructions**

- Dispose of any unused or damaged screws and tools responsibly.
- Follow local regulations for the disposal of metal and plastic materials.
- Do not throw screws or tools in regular household waste. Consider recycling options where available.

## **Contact Information for Further Support**

For any questions or concerns regarding the SIGHT BASE SCREW KIT, please refer to the manufacturer's contact details provided on the packaging or visit the official BROWNELLS website. Always ensure you have the latest information regarding product safety and usage.

Thank you for your attention to these safety instructions. We appreciate your commitment to safe practices while using the SIGHT BASE SCREW KIT.
