

SIGHT BASE SCREW KIT - BROWNELL'S 8-40X1/2" FILLISTER HEAD SIGHT BASE SCREW REFILL 12 PACK

[Gunsmith Tools](#) > [Small Hardware](#) > [Metal Screws](#)

Slotted-Head Screws For All Scope & Sight Mounting Jobs

This Kit has been extremely popular with our customers for many years. The gunsmiths and dealers who do any type of sight work have found that they do not like to be without it. The slotted-head screws included in the kit cover at least 99% of all scope and iron sight mounting requirements. The Screw Kit is packed in a plastic box and contains 12 each of the most popular 18 screw sizes needed when working with scopes or sights. It also has a pair of chrome-plated tweezers with flat jaws for easily picking up the right screw and our handy, Checker/Shortener Jig that makes grinding screws to the right length fast and easy. The screws are made of high strength, forged tool steel, feature slotted-heads and are tempered and blued to rigid specifications. We suggest that should a screw need to be cut and fitted, it should be treated with rust-prohibitive OXPHO-BLUE™ before it is used to give it a highly rust-resistant, tough, blue coat to make your job look and wear better. The kit is available to you at a very substantial savings over the cost of buying the screws singly. It is an opportunity to have just the right, hard-to-find sight base screw when you need it, for only a minimal cost ... an advantage that will pay for itself time after time in repair or installation jobs.

Safety Instruction Guide for SIGHT BASE SCREW KIT BROWNELLS 840X1/2" FILLISTER HEAD SIGHT BASE SCREW REFILL 12 PACK

Introduction

Thank you for purchasing the SIGHT BASE SCREW KIT BROWNELLS. This product is designed for use in sight work, providing a comprehensive selection of screws and tools necessary for mounting scopes and sights. To ensure your safety and the effective use of this product, please read the following safety instructions carefully.

General Safety Guidelines

- Ensure that all tools and screws are used in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental injury.
- Regularly inspect the screws and tools for wear or damage before use.
- If you notice any defects or irregularities in the screws or tools, do not use them and contact the manufacturer for guidance.
- Be aware of your surroundings when using tools to avoid accidents and injuries.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling screws and tools.
- Use the provided tweezers to handle small screws to avoid finger injuries.
- When cutting or grinding screws, ensure that you are in a wellventilated area and wear a dust mask to avoid inhaling particles.
- Follow the instructions for using the Checker/Shortener Jig carefully to prevent accidents during the screw grinding process.
- Do not use screws that have been cut or modified without treating them with rustprohibitive OXPHOBLUE™ to ensure durability and safety.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components before starting your work.
- Ensure your workspace is clean and organized to avoid losing small parts.

2. Using the Screws:

- Select the appropriate screw size for your application from the kit.
- Use the tweezers to pick up the screw and avoid direct contact with your fingers.
- If a screw needs to be cut, use the Checker/Shortener Jig to measure and grind it to the desired length.
- Treat the cut screw with OXPHOBLUE™ to ensure it is rustresistant before installation.

3. Installation:

- Align the sight or scope with the mounting point on the firearm.
- Insert the selected screw into the mounting hole and tighten it securely using the appropriate screwdriver.
- Ensure that all screws are tightened uniformly to avoid misalignment of the sight or scope.

4. PostInstallation:

- After installation, check that all screws are secure and that the sight or scope is stable.
- Regularly inspect the installation to ensure everything remains secure over time.

Disposal Instructions

- Dispose of any unused or damaged screws and tools in accordance with local regulations.
- Do not dispose of screws in regular household waste. Instead, consider recycling metal components where possible.
- Follow any specific disposal instructions provided by your local waste management authority.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's contact information provided in the product packaging or on the official website.

By following these safety instructions, you can ensure a safe and effective experience while using the SIGHT BASE SCREW KIT BROWNEllS. Thank you for your attention to safety.
