[Gunsmith Tools](#) > [Small Hardware](#) > [Metal Screws](#)

## **Slotted-Head Screws For All Scope & Sight Mounting Jobs**

This Kit has been extremely popular with our customers for many years. The gunsmiths and dealers who do any type of sight work have found that they do not like to be without it. The slotted-head screws included in the kit cover at least 99% of all scope and iron sight mounting requirements. The Screw Kit is packed in a plastic box and contains 12 each of the most popular 18 screw sizes needed when working with scopes or sights. It also has a pair of chrome-plated tweezers with flat jaws for easily picking up the right screw and our handy, Checker/Shortener Jig that makes grinding screws to the right length fast and easy. The screws are made of high strength, forged tool steel, feature slotted-heads and are tempered and blued to rigid specifications. We suggest that should a screw need to be cut and fitted, it should be treated with rust-prohibitive OXPHO-BLUE™ before it is used to give it a highly rust-resistant, tough, blue coat to make your job look and wear better. The kit is available to you at a very substantial savings over the cost of buying the screws singly. It is an opportunity to have just the right, hard-to-find sight base screw when you need it, for only a minimal cost ... an advantage that will pay for itself time after time in repair or installation jobs.

## **Attributes**

# Safety Instruction Guide for SIGHT BASE SCREW KIT BROWNELLS 840X1/2" WEAVER OVAL SIGHT BASE SCREW REFILL 12 PACK

## Introduction

Thank you for choosing the SIGHT BASE SCREW KIT BROWNELLS 840X1/2" WEAVER OVAL SIGHT BASE SCREW REFILL 12 PACK. This kit is designed for gunsmiths and dealers to facilitate sight work with a variety of screws. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always handle screws and tools with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect screws and tools for damage before use.
- Use the product only for its intended purpose as described in the product specifications.
- Ensure a clean and organized workspace to prevent accidents.
- Follow all local regulations regarding the disposal of metal products.

## Specific Safety Precautions for Use

- Use protective eyewear when grinding or cutting screws to avoid eye injury from metal fragments.
- Avoid wearing loose clothing or jewelry that may get caught in tools during use.
- When using the Checker/Shortener Jig, ensure that your fingers are kept clear of any moving parts.
- Do not exceed the recommended screw lengths for mounting scopes or sights to avoid structural failure.
- If a screw needs to be cut, treat it with rustprohibitive OXPHOBLUE™ to enhance rust resistance.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including the screw kit, tweezers, and Checker/Shortener Jig.
- Ensure your workspace is clean and welllit.

### 2. Selecting the Right Screw:

- Use the tweezers provided to select the appropriate screw size from the kit.
- Refer to the metric equivalents for screw lengths: 5/32" (4.0mm), 3/16" (4.8mm), 1/4" (6.3mm), 5/16" (7.9mm), 3/8" (9.5mm), 7/16" (11.1mm), 1/2" (12.7mm).

### 3. Cutting and Fitting Screws:

- If a screw needs to be cut, securely place it in the Checker/Shortener Jig.
- Grind the screw to the desired length, ensuring to wear protective eyewear.
- Treat the cut end with OXPHOBLUE™ before installation.

### 4. Installation:

- Align the selected screw with the mounting hole of the scope or sight.
- Use a suitable screwdriver to tighten the screw securely, but do not overtighten to avoid damaging the components.

### 5. PostInstallation Check:

- After installation, doublecheck that all screws are securely fastened.
- Ensure that no tools or loose parts are left in the workspace.

## **Disposal Instructions**

- Dispose of any unused screws and packaging materials in accordance with local waste disposal regulations.
- Recycle metal components where possible to minimize environmental impact.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the SIGHT BASE SCREW KIT, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities.
