## Polish For Gorgeous Mirror Finishes On Steel, Aluminum And more

Good Old Five-Fifty-Five as the boys call it. This is the secret that master polishers use to give that mirror finish to the gun after Polish-O-Ray"! 500. For the brightest possible finishes, we recommend hard felt, followed by loose muslin for each grit as you progress through them. You can stop with any of the three grits when the desired level of finish is achieved. Suggest you experiment to find the combo and sequence you like best in your shop. Although extremely fine , it s coarser than 555 White. Gray removes 500 P-O-R"! marks while leaving slight marks which clean up with 555 White.

# NO. 555 GRAY POLISH Safety Instruction Guide

## Introduction

Thank you for choosing NO. 555 GRAY POLISH. This guide provides important safety information to ensure the safe use of this product. Please read and follow all instructions carefully to avoid any potential hazards.

## General Safety Guidelines

- Ensure safe use of NO. 555 GRAY POLISH by following all safety precautions.
- Be aware of the potential risks associated with polishing compounds, including skin and eye irritation.
- Always store the product in a cool, dry place and out of reach of children.
- If you experience any adverse reactions, discontinue use immediately and seek medical advice.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as gloves, safety goggles, and a dust mask when handling or using the product.
- Avoid inhalation of dust generated during polishing. Use in a wellventilated area.
- Do not ingest the product. Keep away from food and beverages.
- If the product comes into contact with skin, wash immediately with soap and water.
- In case of eye contact, rinse thoroughly with water for at least 15 minutes and seek medical attention.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the surface to be polished is clean and free of debris.
- Gather all necessary tools, including hard felt and loose muslin pads.

### 2. Application:

- Apply a small amount of NO. 555 GRAY POLISH to the polishing pad.
- Start with the coarsest grit and gradually progress to finer grits as desired.
- Use the hard felt pad first, followed by the loose muslin pad for finishing.

### 3. Achieving Desired Finish:

- You can stop polishing at any of the three grits once the desired level of finish is achieved.
- Experiment with different combinations and sequences to find what works best for you.

### 4. PostUse Care:

- Clean all tools and surfaces after use to prevent residue buildup.
- Store the product securely in its original packaging.

## Disposal Instructions

- Dispose of any unused product and its packaging in accordance with local regulations.
- Do not dispose of the product down the drain or in regular household waste.

## Contact Information for Further Support

For any safety inquiries or concerns regarding NO. 555 GRAY POLISH, please contact the manufacturer or your

local safety authority.

Please ensure you are familiar with all safety instructions before using NO. 555 GRAY POLISH. Your safety is our priority.
