

STOCK REPAIR PIN KIT - STOCK REPAIR PINS 1/8" 12 PACK

[Gunsmith Tools & Supplies](#) > [Stock Work & Finishing](#) > [Stock Repair Products](#) > [Stock Repair Pins](#)

Use With ACRAGLAS~, ACRA-QUICK? or ACRA-20? For Stronger-Than-New Repairs On Cracked/Split Stocks

With this Kit, plus ACRAGLAS and a vari-speed drill, you can do quick, easy, sure-to-hold repair jobs on cracked or broken stocks. Pins go in easily, won't further split the stock; cannot pull or shoot out; can be cut off at any length. Made of "half- hard" brass alloy. 60° flat-top threads for best holding. After broken surfaces are coated with ACRAGLAS and clamped tightly, drill pin hole with drill provided. Coat pin with ACRAGLAS also, and run it into hole with vari-speed drill at slow speed. After cured, cut off and dress ends.

STOCK REPAIR PIN KIT Safety Instruction Guide

Introduction

Thank you for choosing the STOCK REPAIR PIN KIT. This kit is designed for quick and effective repairs on cracked or broken stocks using repair pins. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that you understand the purpose and function of the STOCK REPAIR PIN KIT before use.
- Always use the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for any product recalls or safety alerts on the EU Safety Gate platform.
- Report any unsafe products or accidents to the relevant authorities immediately.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment, including safety glasses and gloves, when using the kit.
- Ensure that the work area is clean, dry, and well-lit to avoid accidents.
- Use the varispeed drill provided at low speed to prevent overheating and damage to the pins and stock.
- Do not exceed the recommended length when cutting the pins.
- Avoid using the product on stocks that have severe structural damage or are beyond repair.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials: STOCK REPAIR PIN KIT, ACRAGLAS, varispeed drill, and personal protective equipment.
- Ensure that the stock to be repaired is clean and dry.

2. Applying ACRAGLAS:

- Coat the broken surfaces of the stock with ACRAGLAS.
- Clamp the surfaces tightly to ensure a secure bond.

3. Drilling the Pin Hole:

- Using the drill provided, carefully drill a pin hole into the stock where the repair is needed.
- Ensure that the hole is drilled straight and to the appropriate depth.

4. Preparing the Pin:

- Coat the repair pin with ACRAGLAS before insertion.
- Insert the pin into the drilled hole using the varispeed drill at a slow speed.

5. Finishing the Repair:

- Allow the ACRAGLAS to cure as per the manufacturer's instructions.
- Once cured, carefully cut off any excess pin length and dress the ends to ensure a smooth finish.

Disposal Instructions

- Dispose of any unused or damaged pins and packaging materials in accordance with local regulations.
- Do not dispose of ACAGLAS or any other chemicals down the drain. Follow local guidelines for hazardous waste disposal.

Contact Information for Further Support

For any questions or concerns regarding the STOCK REPAIR PIN KIT, please consult the manufacturer's contact information provided on the product packaging. Ensure you have the product details ready for reference.

Thank you for your attention to these safety instructions. Enjoy using your STOCK REPAIR PIN KIT for effective and reliable stock repairs!
