LONG 648 & 840 SCREWS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the LONG 648 & 840 Screw Kit by Brownells. This guide provides important safety information and instructions to ensure the proper and safe use of the screws included in this kit. Please read this guide carefully before using the product.

General Safety Guidelines

- Always handle screws with care to avoid injury.
- Keep screws out of reach of children and pets.
- Inspect screws before use for any signs of damage or defects.
- Use screws only for their intended purpose.
- Follow all installation instructions to prevent accidents.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU Safety Gate platform.

Specific Safety Precautions for Use

- Use appropriate tools when handling and installing screws to avoid injury.
- Wear safety goggles to protect your eyes from metal shavings or debris.
- Ensure that the surface you are working on is stable and secure.
- Do not exceed the recommended torque specifications for the screws.
- If a screw becomes stuck, do not force it; instead, seek professional assistance.
- Avoid using screws in environments where they may be exposed to extreme temperatures or corrosive substances.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a screwdriver compatible with the screw type.
- Ensure your work area is clean and free of obstructions.

2. Selecting the Right Screw:

- Choose the appropriate screw type based on your application (e.g., Fillister, Oval Head, or Torx).
- Verify the screw length and diameter to ensure compatibility with your project.

3. Installation:

- Align the screw with the predrilled hole in the base material.
- Insert the screw gently and begin turning it clockwise with the screwdriver.
- Apply steady pressure to ensure the screw is driven straight into the material.
- Stop turning once the screw is flush with the surface or reaches the desired depth.

4. PostInstallation:

- Inspect the installed screws to ensure they are secure.
- Clean up any debris or metal shavings immediately after installation.

Disposal Instructions

- Dispose of any unused screws and packaging materials in accordance with local waste disposal regulations.
- Do not dispose of screws in a manner that poses a risk to the environment or public safety.

Contact Information for Further Support

For any questions or concerns regarding the LONG 648 & 840 Screw Kit, please refer to the manufacturer's contact details provided on the packaging or visit their official website.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and successful experience with your screw kit.
