Safety Instruction Guide for SOCKET HEAD SCOPE RING & BASE SCREW KIT 840X1/2" WEAVER OVAL SOCKET SCREWS FOR WEAVER BASE 12PK

Introduction

Thank you for purchasing the Socket Head Scope Ring & Base Screw Kit. This guide provides essential safety instructions and usage guidelines to ensure your safety and the safe use of this product. Please read and understand these instructions before use.

General Safety Guidelines

- Always inspect the screws and tools for any damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Follow all instructions carefully to avoid accidents.
- Report any unsafe products or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the screws are compatible with your specific application before installation.
- Use appropriate tools when handling and installing screws to avoid injury.
- Wear safety goggles to protect your eyes from metal shavings or debris during installation.
- Avoid overtightening screws, as this may lead to stripping or damaging the screw or base.
- If a screw requires shortening, use the included Checker/Shortener Jig carefully to ensure a clean cut.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including the appropriate screwdriver and the Checker/Shortener Jig.
- Ensure your work area is clean and welllit.

2. Selecting the Right Screw:

- Choose the correct screw type and length based on your application. Refer to the included chart for compatibility with bases, rings, and ribs.

3. Installation:

- Align the screw with the predrilled hole in the base or ring.
- Insert the screw gently and turn it clockwise using the appropriate screwdriver.
- Tighten the screw until secure, but do not overtighten.

4. Custom Fitting:

- If a screw needs to be shortened, place it in the Checker/Shortener Jig.
- Carefully grind the screw to the desired length, ensuring a smooth edge.

5. Final Inspection:

- After installation, doublecheck to ensure all screws are secure and properly fitted.
- Dispose of any metal shavings or debris safely.

Disposal Instructions

- Dispose of any unused screws and packaging materials according to local regulations.
- Do not dispose of screws in regular household waste if they are hazardous.
