

# BARREL CHAMFERING PLUG GAUGES - 11°-18° 22 CALIBER BARREL CHAMFERING PLUG GAUGE ONLY

[Gunsmith Tools & Supplies](#) > [Handgun Tools](#) > [Barrel Tools](#) > [Chamfering Tools](#)

## For Maximum Accuracy & Results Using Pistol Chamfering Tools

There is a very narrow, (.004") throat diameter range where maximum accuracy is obtained. Go smaller or larger and accuracy will suffer. By simply slipping the Plug Gauge into the barrel throat, it's possible to tell at a glance when you are approaching the correct diameter. Warns you before you go too far. Also valuable as a diagnostic tool for guns brought in with accuracy complaints, (designed for chamfers cut with our tools - may not give a correct reading on guns with other degrees of chamfer). Each gauge is self-piloted, precision-ground, hardened and stepped to show minimum and maximum optimum diameters. 11° and 18° Gauge measures both chamfer angles. Sizes .22RF; .32; .38/.357; .38-40/.40; .41; .44; .45. 5° Ruger-Style Gauge available in .38/.357, .44 and .45 caliber only.

## Attributes

- Name: [11°-18° 22 CALIBER BARREL CHAMFERING PLUG GAUGE ONLY](#)
- Manufacturer: [BROWNELL'S](#)
- Product no.: 080580122
- Mfr. No.:
- Caliber: 22 Caliber (.223-.224)
- Degree: 11 Degrees, 18 Degrees
- Make: Universal Handguns
- Delivery weight: 0.005kg
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 050806016118

# Safety Instruction Guide for BARREL CHAMFERING PLUG GAUGES 11°18° 22 CALIBER

## Introduction

Thank you for choosing the BARREL CHAMFERING PLUG GAUGES 11°18° 22 CALIBER. This guide provides important safety instructions and information to ensure the safe and effective use of this product. Please read this guide thoroughly before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before use. Do not use if damaged.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the product.
- Do not exceed the specified dimensions when using the gauge, as this may compromise accuracy and safety.
- Follow all local laws and regulations regarding the use of firearms and related tools.

## Specific Safety Precautions for Use

- The BARREL CHAMFERING PLUG GAUGES are designed to be used with specific chamfer angles (11° and 18°). Ensure you are familiar with these angles before use.
- This product is not designed for use with firearms that have been chamfered with tools other than those specified. Using the gauge on such firearms may yield inaccurate readings.
- Avoid using the gauge in wet or damp conditions, as this may affect the integrity of the product.
- When inserting the plug gauge into the barrel throat, do so gently to avoid damaging the gauge or the firearm.
- Do not force the gauge into the barrel throat. If resistance is felt, stop and reassess the fit.
- If you experience any difficulties or notice any irregularities while using the gauge, cease use immediately and consult a professional.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Clean the barrel throat area to remove any debris or obstructions.

### 2. Using the Gauge:

- Select the appropriate gauge based on the caliber and chamfer angle required.
- Gently insert the plug gauge into the barrel throat.
- Observe the gauge for indications of correct diameter. The gauge is designed to warn you if you are approaching the maximum or minimum diameter.
- Remove the gauge carefully after use, ensuring not to damage the barrel or the gauge itself.

### 3. PostUse Care:

- Clean the gauge after use to maintain its precision and accuracy.
- Store the gauge in a dry place, preferably in the provided Bench Kit Box, to protect it from damage.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding metal and tools.
- Do not dispose of the product in regular household waste. Check for recycling options in your area.
- Ensure that any packaging is also disposed of responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the use or safety of this product, please refer to the manufacturer's contact details provided with your purchase. Ensure that you have the product's model number and any relevant information ready for reference.

By following these guidelines, you can ensure the safe and effective use of the BARREL CHAMFERING PLUG GAUGES 11°18° 22 CALIBER. Always prioritize safety and adhere to the instructions provided. Thank you for your attention to these important safety measures.
