

# **BARREL CHAMFERING PLUG GAUGES - 11°-18° 32 CALIBER BARREL CHAMFERING PLUG GAUGE ONLY**

[Gunsmith Tools & Supplies](#) > [Handgun Tools](#) > [Barrel Tools](#) > [Chamfering Tools](#)

## **For Maximum Accuracy & Results Using Pistol Chamfering Tools**

There is a very narrow, (.004") throat diameter range where maximum accuracy is obtained. Go smaller or larger and accuracy will suffer. By simply slipping the Plug Gauge into the barrel throat, it's possible to tell at a glance when you are approaching the correct diameter. Warns you before you go too far. Also valuable as a diagnostic tool for guns brought in with accuracy complaints, (designed for chamfers cut with our tools - may not give a correct reading on guns with other degrees of chamfer). Each gauge is self-piloted, precision-ground, hardened and stepped to show minimum and maximum optimum diameters. 11° and 18° Gauge measures both chamfer angles. Sizes .22RF; .32; .38/.357; .38-40/.40; .41; .44; .45. 5° Ruger-Style Gauge available in .38/.357, .44 and .45 caliber only.

## **Attributes**

- Name: [11°-18° 32 CALIBER BARREL CHAMFERING PLUG GAUGE ONLY](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 080580132
- Mfr. No.:
- Caliber: 32 Caliber (.312-.313)
- Degree: 11 Degrees,18 Degrees
- Make: Universal Handguns
- Delivery weight: 0.009kg
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 050806016125

# Safety Instruction Guide for BARREL CHAMFERING PLUG GAUGES 11°18° 32 CALIBER

## Introduction

Thank you for choosing the BARREL CHAMFERING PLUG GAUGES. This guide provides essential safety instructions, usage guidelines, and information to ensure the safe and effective use of this product. Please read this manual carefully to understand all safety precautions and operational instructions.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Always handle the gauges with care to avoid injury or damage.
- Keep the gauges out of reach of children and vulnerable individuals.
- Inspect the product before each use to ensure it is in good condition and free from defects.
- If you notice any damage or malfunction, discontinue use immediately and contact a qualified professional for assistance.
- Report any unsafe product incidents or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using the gauges.
- Ensure that the work area is clean, welllit, and free from distractions.
- Do not exceed the specified throat diameter range of (.004") to maintain maximum accuracy.
- Use the gauges only on barrels designed for use with the specified chamfer angles (11° and 18°).
- Avoid using the gauges on barrels with chamfers cut by tools other than those recommended, as this may lead to inaccurate readings.
- Be cautious when inserting the gauge into the barrel throat to avoid damaging the gauge or the firearm.
- Do not force the gauge into the barrel; if resistance is felt, stop and reassess the situation.
- Keep fingers away from the cutting edge and other sharp parts of the gauge.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction before proceeding.
- Gather all necessary tools and materials, including the gauge and any additional equipment required for your specific application.

### 2. Using the Gauge:

- Carefully insert the Plug Gauge into the barrel throat.
- Observe the gauge to determine if you are approaching the correct diameter.
- Take note of the readings and ensure they fall within the minimum and maximum optimum diameters specified for the gauge.
- If you are using the 5° RugerStyle Gauge, ensure it is used exclusively with .38/.357, .44, and .45 caliber firearms.

### 3. PostUse:

- After use, clean the gauge to remove any debris or contaminants.
- Store the gauge in a safe, dry place, preferably in the provided Bench Kit Box, to prevent damage.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the product is damaged or no longer usable, ensure it is disposed of in a way that minimizes environmental impact.
- Do not dispose of the product in regular household waste. Check for recycling options in your area.

## Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please refer to the manufacturer's contact information provided with the product packaging or visit the manufacturer's website.

By following these safety instructions and guidelines, you can ensure the safe and effective use of the BARREL CHAMFERING PLUG GAUGES. Always prioritize safety and consult professionals if you have any concerns or questions regarding the use of this product. Thank you for your attention to these important safety measures.
