Safety Instructions for the 90° Muzzle Facing Cutter & Steel Pilot

Introduction

Thank you for choosing the 90° Muzzle Facing Cutter & Steel Pilot by Brownells. This tool is designed to enhance your airgun performance by ensuring precise muzzle cuts. To ensure your safety and the safe operation of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the product as intended and according to the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the tool for any damage before use. Do not use if damaged.
- Wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, while using the cutter.
- Ensure a clean and stable work environment to prevent accidents.
- Do not use the cutter for purposes other than those specified by the manufacturer.

Specific Safety Precautions for Use

- Handle the cutter and pilot with care to avoid cuts or injuries.
- Ensure the cutter is securely attached to the handle before use.
- Use the cutter on stable surfaces to prevent slipping or accidents.
- Avoid using excessive force when cutting; let the tool do the work.
- Store the cutter in its original packaging or a safe place to prevent accidents when not in use.
- In case of any accidents or injuries, seek medical assistance immediately.

Instructions for Installation and Usage

Installation

1. **Check the Components:** Ensure that you have all parts: the cutter, steel pilot, and handle.
2. **Attach the Cutter:**
 - Align the cutter with the handle.
 - Securely fasten the cutter to the handle according to the instructions provided in the packaging.
3. **Install the Pilot:**
 - Insert the steel pilot into the designated area of the cutter.
 - Ensure it is firmly in place before beginning use.

Usage

1. **Preparation:**
 - Measure and mark the area on the airgun muzzle where you intend to cut.
 - Ensure the airgun is unloaded and in a safe position.
2. **Cutting:**
 - Position the cutter at a 90° angle to the muzzle.
 - Apply gentle pressure while rotating the cutter to achieve a clean cut.
 - Check the progress periodically to avoid overcutting.
3. **PostUse:**
 - Once finished, carefully detach the cutter and pilot from the handle.
 - Clean the tool with a soft cloth to remove any debris.
 - Store the cutter in a safe location.

Disposal Instructions

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- Do not dispose of the cutter in regular household waste. Instead, check for local disposal regulations for metal tools.
- If the cutter is no longer usable, consider recycling it at a designated facility.

Contact Information for Further Support

For any safety inquiries or support regarding the 90° Muzzle Facing Cutter & Steel Pilot, please refer to the contact information provided on the product packaging or the manufacturer's website.

Conclusion

Your safety is our priority. By following these safety instructions, you can ensure a safe and effective experience with the 90° Muzzle Facing Cutter & Steel Pilot. Always stay informed about product recalls and safety updates through the EU's Safety Gate platform. Thank you for your attention and safe usage!
