

## **90° MUZZLE FACING CUTTER & STEEL PILOT - 90° CUTTER & STEEL PILOT FITS .30 MUZZLE**

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

### **Face Off & Square Up Rifle & Handgun Muzzles**

Hardened steel, 90° facing cutter squares a muzzle after shortening; or use to repair dings and damage. Includes a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

# Safety Instructions for the 90° Muzzle Facing Cutter & Steel Pilot

## Introduction

Thank you for purchasing the 90° Muzzle Facing Cutter & Steel Pilot. This tool is designed to help you square a muzzle after shortening or to repair dings and damage. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use the tool in a welllit and stable work environment.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool for any damage or wear before each use.
- Use personal protective equipment (PPE) such as safety glasses and gloves to protect yourself from debris and sharp edges.
- Do not use the tool for purposes other than those intended.
- If you experience any discomfort or difficulty while using the tool, stop immediately and seek assistance.

## Specific Safety Precautions for Use

- Ensure that the cutter is properly aligned before use to avoid injury and ensure effective cutting.
- Always handle the tool with care, as the cutting edges are sharp.
- Do not exert excessive force when using the cutter; let the tool do the work.
- Store the tool in its polypropylene box when not in use to prevent accidental injury.
- If using the tool for the first time, consider seeking guidance from a knowledgeable individual or professional.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary materials and ensure you have a clean, stable workspace.
- Put on your safety glasses and gloves.

### 2. Installation of the Pilot

- Remove the cutter from its box.
- Select the appropriate pilot for the caliber you are working with.
- Insert the pilot into the cutter and ensure it is securely fastened.

### 3. Using the Cutter

- Position the cutter at the muzzle to be squared.
- Rotate the cutter slowly and evenly, applying light pressure.
- Check the progress frequently to ensure a straight cut.
- Once finished, carefully remove the cutter from the muzzle.

### 4. PostUse Care

- Clean the cutter and pilot after use to remove any debris.
- Store the cutter and pilot in the polypropylene box to protect them from damage.

## Disposal Instructions

- Dispose of any damaged or wornout parts in accordance with local regulations.
- Recycle the polypropylene box if possible.
- Do not dispose of the tool in regular household waste.

## Contact Information for Further Support

For any questions or concerns regarding the use of this product, please consult the manufacturer or your place of purchase. Ensure to check for any recall updates on the EU's Safety Gate platform to stay informed about product safety.

Thank you for prioritizing safety while using the 90° Muzzle Facing Cutter & Steel Pilot. Your careful attention to these guidelines will help ensure a safe and effective experience.
