

## **90° MUZZLE FACING CUTTER & STEEL PILOT - 90° CUTTER & STEEL PILOT FITS .311 MUZZLE**

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

### **Face Off & Square Up Rifle & Handgun Muzzles**

Hardened steel, 90° facing cutter squares a muzzle after shortening; or use to repair dings and damage. Includes a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

# Safety Instruction Guide for 90° Muzzle Facing Cutter & Steel Pilot

## Introduction

Thank you for choosing the 90° Muzzle Facing Cutter & Steel Pilot. This product is designed for precise muzzle facing and repair of dings and damage. It is essential to follow safety guidelines to ensure safe and effective use.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product before each use for any signs of damage or wear.
- Use the product in a well-ventilated area to avoid inhalation of debris.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Store the product in a safe and secure location to prevent accidents.

## Specific Safety Precautions for Use

- Ensure that the cutter is securely attached to the handle before use.
- Avoid applying excessive force while cutting; let the tool do the work.
- Do not use the cutter on materials other than specified calibers.
- Be cautious of sharp edges and points on the cutter and pilot.
- If the product becomes damaged or malfunctioning, discontinue use immediately.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure you have a clean and stable work surface.
- Gather all necessary tools and safety equipment.

### 2. Installing the Cutter

- Insert the pilot into the cutter and ensure it is properly aligned.
- Secure the pilot by tightening the locking mechanism.

### 3. Using the Cutter

- Position the cutter at a 90° angle to the muzzle.
- Apply gentle pressure and rotate the cutter to achieve a square edge.
- Check the progress frequently to avoid overcutting.

### 4. PostUse Care

- Clean the cutter and pilot after use to remove any debris.
- Store the cutter in the provided polypropylene box to protect it from damage.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.

- Do not dispose of the product in regular household waste.
- Consider recycling options for metal components where available.

## **Contact Information for Further Support**

For any inquiries related to safety, usage, or product support, please refer to the manufacturer's contact details provided with the product packaging.
