

90° MUZZLE FACING CUTTER & STEEL PILOT - 90° CUTTER & STEEL PILOT FITS 6MM/.243 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Face Off & Square Up Rifle & Handgun Muzzles

Hardened steel, 90° facing cutter squares a muzzle after shortening; or use to repair dings and damage. Includes a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instructions for 90° Muzzle Facing Cutter & Steel Pilot

Introduction

Thank you for purchasing the 90° Muzzle Facing Cutter & Steel Pilot. This tool is designed for safely squaring and repairing muzzles after shortening. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the tool in accordance with the manufacturer's instructions.
- Inspect the tool before each use to ensure it is in good condition.
- Wear appropriate personal protective equipment (PPE), including safety goggles and gloves.
- Keep the tool out of reach of children and pets.
- Store the tool in a safe, dry place when not in use.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the muzzle is securely clamped before using the cutter.
- Avoid using excessive force during cutting to prevent tool damage or injury.
- Do not use the cutter on materials other than specified calibers.
- Always use the appropriate pilot for the caliber you are working with.
- Be aware of sharp edges and moving parts during operation.
- If you feel any resistance while cutting, stop and inspect the tool and material.
- Do not attempt to modify the cutter or its components.

Instructions for Installation and Usage

1. Preparation:

- Ensure the workspace is clean and free from clutter.
- Gather all necessary tools and safety equipment.

2. Installing the Pilot:

- Select the appropriate pilot for your caliber (6mm/.243).
- Insert the pilot into the cutter until it is securely in place.

3. Using the Cutter:

- Clamp the muzzle securely in a vise or other stable fixture.
- Position the cutter over the muzzle and ensure it is aligned properly.
- Apply gentle pressure to the cutter handle to begin cutting.
- Maintain a steady and controlled motion while cutting.
- Once the cut is complete, remove the cutter and inspect the muzzle for smoothness.

4. Cleaning and Maintenance:

- After use, clean the cutter and pilot with a dry cloth to remove any debris.
- Store the cutter and pilot in the provided polypropylene box to protect them from damage.

Disposal Instructions

- Dispose of any damaged or worn parts in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local waste management facilities for proper disposal methods.

Contact Information for Further Support

For safety inquiries or further support, please refer to the manufacturer's contact information provided in the product packaging.

By following these safety instructions, you can ensure a safe and effective experience with your 90° Muzzle Facing Cutter & Steel Pilot. Thank you for your attention to these important guidelines.
