# Safety Instructions for 90° Muzzle Facing Cutters

## Brownells .17 Caliber 1" Diameter

### Introduction

Thank you for choosing the 90° Muzzle Facing Cutters by Brownells. This product is designed to assist in the precise facing and squaring of barrel muzzles. To ensure your safety and the effective use of this tool, please read and follow the safety instructions provided in this guide.

### General Safety Guidelines

- Always read and understand the instructions before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the tool for any damage before use. Do not use if damaged.
- Use the tool only for its intended purpose as described in this guide.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the cutter.
- Ensure your workspace is clean, welllit, and free from hazards.
- Report any unsafe products or accidents to the relevant authorities.

### Specific Safety Precautions for Use

- Ensure that the cutter is securely attached to the muzzle pilot before use.
- Always maintain a firm grip on the cutter during operation to prevent slipping.
- Do not exceed the recommended cutting speed or pressure.
- Avoid contact with the cutter's blades when not in use to prevent injury.
- Do not use the cutter on rounded muzzles; it is designed for flatfaced muzzles only.
- Keep hands and other body parts away from the cutting area during operation.
- If you experience any discomfort or unusual sensations while using the cutter, stop immediately and seek assistance.

### Instructions for Installation and Usage

#### 1. Preparation

- Gather all necessary tools and materials, including the 90° Muzzle Facing Cutter and interchangeable muzzle pilots.
- Ensure that the firearm is unloaded and secured before beginning work.

#### 2. Installation

- Select the appropriate muzzle pilot for your caliber.
- Insert the muzzle pilot into the cutter until it clicks into place, ensuring it is secure.

#### 3. Usage

- Position the cutter at a 90degree angle to the muzzle.
- Apply gentle pressure while rotating the cutter to face off the muzzle.
- Continue until the surface is even and square.
- Inspect the muzzle for completion and any signs of damage.

#### 4. PostUse Care

- Clean the cutter and muzzle pilot after each use to remove debris and maintain performance.
- Store the cutter in a safe and dry location, away from children.

## **Disposal Instructions**

- Dispose of the cutter and any damaged components in accordance with local regulations.
- Ensure that the product is disposed of in a manner that prevents injury to individuals or the environment.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of the 90° Muzzle Facing Cutters, please refer to the product packaging for the manufacturer's contact information. Always ensure that you have the most current safety information and updates.

By following these safety instructions, you can ensure a safe and effective experience with your 90° Muzzle Facing Cutters. Thank you for your attention to these important guidelines.
