

## **45° MUZZLE/CYLINDER CHAMFERING CUTTER & STEEL PILOT - BROWNELLS 45° CUTTER & STEEL PILOT FITS .22 RF MUZZLE (.213 )**

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

### **Break Sharp Edges On Rifle & Handgun Muzzles; Get Faster Cylinder Filling On Revolvers**

45° chamfering cutter breaks the edges of the rifling for a clean bullet exit or chamfers revolver cylinder chamber mouths for quick reloads. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately. The 45° Cutter supplied in Sets marked with an \* is 5/8" dia. to correctly chamfer the larger barrel and cylinder mouths on those calibers. All other Sets have a 1/2" diameter, 45° cutter.

45\ Cutter & Steel Pilot fits .22 RF Muzzle (.213")

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

# Safety Instruction Guide for 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot

## Introduction

Thank you for choosing the 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot by Brownells. This product is designed for precise chamfering of .22 RF muzzles. To ensure safe and effective use, please read and follow these safety instructions carefully. Your safety is our priority.

## General Safety Guidelines

- Ensure that all safety instructions are followed to prevent accidents and injuries.
- Always use the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for wear or damage before use. Do not use if damaged.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety goggles and gloves, when using this product.
- Ensure that the work area is clean and free of obstructions to avoid accidents.
- Use the cutter only for its intended purpose. Misuse can lead to injury.
- Do not exceed the recommended speed for operation. Refer to the product specifications for details.
- Be cautious of sharp edges and points. Handle the cutter and pilot with care.
- Keep hands and other body parts away from the cutting area during operation.
- If you are inexperienced or unsure about using this product, seek guidance from a qualified professional.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before beginning.
- Ensure that the work area is welllit and organized.

### 2. Installation:

- Select the appropriate pilot for your application (e.g., .45 ACP1 for S&W model 25 & 625 or .45 ACP2 for Colt 1917).
- Insert the pilot into the cutter as per the manufacturer's instructions.
- Ensure that the connection is secure before proceeding.

### 3. Usage:

- Position the cutter at a 45° angle to the muzzle.
- Apply gentle pressure while cutting to achieve a smooth chamfer.
- Avoid forcing the cutter through the material; let it do the work.
- After use, clean the cutter and pilot to remove any debris.

## **Disposal Instructions**

- Dispose of the product and any packaging materials in accordance with local regulations.
- Do not dispose of the product in household waste. Check with local authorities for proper disposal methods.
- Ensure that the product is rendered unusable before disposal to prevent accidents.

## **Contact Information for Further Support**

For safety inquiries or further assistance, please refer to the manufacturer's contact details provided with the product packaging.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with your 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot.
