

45° MUZZLE/CYLINDER CHAMFERING CUTTER & STEEL PILOT - 45° CUTTER & STEEL PILOT FITS .270 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Break Sharp Edges On Rifle & Handgun Muzzles; Get Faster Cylinder Filling On Revolvers

45° chamfering cutter breaks the edges of the rifling for a clean bullet exit or chamfers revolver cylinder chamber mouths for quick reloads. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately. The 45° Cutter supplied in Sets marked with an * is 5/8" dia. to correctly chamfer the larger barrel and cylinder mouths on those calibers. All other Sets have a 1/2" diameter, 45° cutter.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for 45° MUZZLE/CYLINDER CHAMFERING CUTTER & Steel Pilot

Introduction

Thank you for choosing the 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot. This tool is designed to enhance your reloading experience by ensuring clean bullet exits and efficient chamber preparation. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the chamfering cutter by following all instructions and safety warnings.
- **Enhanced Recalls:** Regularly check for updates regarding product recalls. If you receive a recall notice, follow the instructions provided.
- **Online Shopping:** When purchasing online, ensure that the retailer complies with safety standards.
- **Special Consumer Focus:** Keep this tool out of reach of children and vulnerable individuals.
- **EU Contact Point:** For safety inquiries, refer to the designated EU contact point associated with this product.
- **Rapid Alerts:** Stay informed about any safety alerts via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear safety glasses and gloves when using the cutter to protect against metal shavings and sharp edges.
- **Work Environment:** Use the cutter in a welllit area and on a stable surface to prevent accidents.
- **Tool Inspection:** Before each use, inspect the cutter and pilot for any signs of damage or wear. Do not use if damaged.
- **Proper Handling:** Always handle the cutter by the handle and avoid touching the cutting edge.
- **Storage:** Store the cutter and pilots in the provided polypropylene box when not in use to prevent injury and maintain their condition.
- **Children and Vulnerable Groups:** This product is not intended for use by children. Ensure that it is stored securely out of their reach.

Instructions for Installation and Usage

1. Assembly:

- Ensure all components (cutter, handle, and pilot) are clean and free from debris.
- Attach the chosen pilot to the cutter securely. Ensure it is aligned properly for effective chamfering.

2. Usage:

- Hold the handle firmly and position the cutter at a 45° angle to the muzzle or cylinder mouth.
- Apply gentle pressure while rotating the cutter to chamfer the edge. Do not force the cutter; let it do the work.
- After use, clean the cutter and pilot to remove any metal shavings or residue.

3. Maintenance:

- Regularly check the sharpness of the cutter. If it becomes dull, replace it with a new cutter.
- Store the cutter and pilots in their designated box to avoid damage.

Disposal Instructions

- Dispose of the cutter and pilots in accordance with local regulations regarding metal waste.
- Do not dispose of in regular household waste. Check with local authorities for recycling options.

Contact Information for Further Support

For any questions or concerns regarding the use of this product, please refer to the designated EU contact point associated with this product. Ensure to have the product details ready for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot. Thank you for your attention to safety!
