

45° MUZZLE/CYLINDER CHAMFERING CUTTER & STEEL PILOT - 45° CUTTER & STEEL PILOT FITS .311 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Break Sharp Edges On Rifle & Handgun Muzzles; Get Faster Cylinder Filling On Revolvers

45° chamfering cutter breaks the edges of the rifling for a clean bullet exit or chamfers revolver cylinder chamber mouths for quick reloads. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately. The 45° Cutter supplied in Sets marked with an * is 5/8" dia. to correctly chamfer the larger barrel and cylinder mouths on those calibers. All other Sets have a 1/2" diameter, 45° cutter.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot

Introduction

Thank you for choosing the 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot. This tool is designed for chamfering the edges of the rifling and revolver cylinder chamber mouths, ensuring a clean bullet exit and facilitating quick reloads. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always use the tool in accordance with the manufacturer's instructions.
- Ensure that the work area is clean, welllit, and free from distractions.
- Store the tool in a safe place, out of reach of children and unauthorized users.
- Regularly inspect the tool for any signs of damage or wear before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use personal protective equipment (PPE) such as safety goggles and gloves while operating the cutter.
- Keep hands and fingers away from the cutting area to prevent injuries.
- Do not use the cutter for any purpose other than its intended use.
- Ensure that the cutter is securely attached to the handle before use.
- Maintain a firm grip on the handle while using the cutter to prevent slips.
- Avoid using excessive force; let the cutter do the work.
- Do not operate the cutter near flammable materials or in hazardous environments.

Instructions for Installation and Usage

1. Installation of the Cutter:

- Select the appropriate pilot for the caliber you are working with.
- Insert the pilot into the cutter until it is firmly seated.
- Attach the cutter securely to the handle.

2. Using the Cutter:

- Position the cutter at a 45° angle against the muzzle or chamber mouth.
- Apply gentle pressure while rotating the cutter in a clockwise direction.
- Continue until the desired chamfer is achieved, checking progress frequently.
- After use, clean the cutter and pilot to remove any debris.

3. Storage:

- After cleaning, store the cutter and pilots in the provided polypropylene box.
- Ensure the box is closed properly to prevent any accidental damage.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the tool in regular household waste.
- Consider recycling options where applicable.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of this product, please refer to the manufacturer's contact details provided with your purchase.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using the 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot. Always prioritize safety and do not hesitate to seek assistance if needed. Thank you for your attention to these guidelines.
