

45° MUZZLE/CYLINDER CHAMFERING CUTTER & STEEL PILOT - 45° CUTTER & STEEL PILOT FITS .338 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Break Sharp Edges On Rifle & Handgun Muzzles; Get Faster Cylinder Filling On Revolvers

45° chamfering cutter breaks the edges of the rifling for a clean bullet exit or chamfers revolver cylinder chamber mouths for quick reloads. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately. The 45° Cutter supplied in Sets marked with an * is 5/8" dia. to correctly chamfer the larger barrel and cylinder mouths on those calibers. All other Sets have a 1/2" diameter, 45° cutter.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for 45° MUZZLE/CYLINDER CHAMFERING CUTTER & STEEL PILOT

Introduction

Thank you for purchasing the 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot. This product is designed to enhance your reloading experience by providing clean and precise chamfering of rifle and revolver chambers. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the chamfering cutter to avoid injuries. Follow all instructions and warnings provided in this guide.
- **Enhanced Recalls:** Stay informed about product recalls. Check for updates regularly to ensure your product remains safe for use.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety regulations to protect your rights as a consumer.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors to prevent accidents.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point for assistance.
- **Rapid Alerts:** Stay updated on safety alerts regarding this product through the EU's Safety Gate system.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear appropriate PPE, including safety glasses and gloves, when using the chamfering cutter.
- **Work Area:** Ensure your work area is clean, welllit, and free from distractions. This will help prevent accidents during use.
- **Tool Condition:** Inspect the cutter and pilot for any signs of damage or wear before each use. Do not use damaged tools.
- **Proper Handling:** Always handle the cutter and pilot with care. Avoid using excessive force, which may lead to slips and injuries.
- **Keep Away from Children:** This product is intended for adult use only. Store it in a secure location out of reach of children.

Instructions for Installation and Usage

1. Assembly:

- Remove the cutter, handle, and pilot from the packaging.
- Attach the pilot to the cutter securely, ensuring it is properly aligned.

2. Using the Cutter:

- Place the cutter into the chamber of the barrel or cylinder that requires chamfering.
- Apply gentle pressure while rotating the cutter in a clockwise direction. Avoid excessive force to prevent damage.
- Continue until the desired chamfer is achieved.

3. Interchangeable Pilots:

- If using a different caliber, remove the current pilot and replace it with the appropriate one. Ensure it is securely attached.

4. Storage:

- After use, clean the cutter and pilots to remove any debris.
- Store the cutter and pilots in the provided polypropylene box to protect them from damage.

Disposal Instructions

- Dispose of this product according to local regulations.
- If the product is no longer usable, consider recycling components where applicable.
- Do not dispose of the product in household waste.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of this product, please refer to the designated EU contact point for assistance.

By following these guidelines, you can ensure a safe and effective experience with your 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot. Thank you for your attention to safety.
