

45° MUZZLE/CYLINDER CHAMFERING CUTTER & STEEL PILOT - 45° CUTTER & STEEL PILOT FITS .38-40 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Break Sharp Edges On Rifle & Handgun Muzzles; Get Faster Cylinder Filling On Revolvers

45° chamfering cutter breaks the edges of the rifling for a clean bullet exit or chamfers revolver cylinder chamber mouths for quick reloads. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately. The 45° Cutter supplied in Sets marked with an * is 5/8" dia. to correctly chamfer the larger barrel and cylinder mouths on those calibers. All other Sets have a 1/2" diameter, 45° cutter.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot

Introduction

Thank you for purchasing the 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot. This product is designed to enhance your shooting experience by providing a clean bullet exit and facilitating quick reloads. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while using the cutter.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the cutter and its components before each use for any signs of damage or wear.
- If you notice any defects, do not use the product and contact the manufacturer for support.
- Store the cutter in a secure location, preferably in its original packaging, to prevent accidental injury.

Specific Safety Precautions for Use

- Use the cutter only for its intended purpose, which is to chamfer muzzle and cylinder chamber mouths.
- Do not apply excessive force when using the cutter, as this may lead to breakage or personal injury.
- Ensure that the cutter is properly aligned with the barrel or cylinder before use to avoid accidents.
- Always keep your hands clear of the cutting area when operating the cutter.
- Avoid using the cutter in wet or damp conditions to prevent slipping and loss of control.
- If you experience any discomfort or pain while using the cutter, stop immediately and seek medical advice if necessary.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the cutter, handle, and pilot.
- Ensure that your work area is clean and welllit.

2. Installing the Pilot:

- Select the appropriate pilot for your caliber. The .45 ACP Pilots are designed for specific models (e.g., S&W model 25 & 625, Colt 1917).
- Insert the pilot into the cutter, ensuring it is securely locked in place.

3. Using the Cutter:

- Firmly grip the handle of the cutter.
- Align the cutter with the muzzle or cylinder chamber mouth.
- With a steady motion, chamfer the edge, ensuring to maintain a 45° angle.
- After completing the chamfering, inspect the work to ensure a clean finish.

4. PostUse Care:

- Clean the cutter and pilot after each use to remove any debris.
- Store the cutter in its polypropylene box to protect it from damage.

Disposal Instructions

- Dispose of the cutter and its components in accordance with local regulations.
- Do not dispose of the product in household waste if it contains hazardous materials.
- Consider recycling the materials if possible, following local recycling guidelines.

Contact Information for Further Support

For any inquiries regarding safety, product usage, or to report unsafe products, please refer to the appropriate EU-based contact points or safety authorities.

Thank you for following these safety guidelines. Your adherence to these instructions will help ensure a safe and enjoyable experience with your 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot.
