

## **45° MUZZLE/CYLINDER CHAMFERING CUTTER & STEEL PILOT - 45° CUTTER & STEEL PILOT FITS .41 MUZZLE\***

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

### **Break Sharp Edges On Rifle & Handgun Muzzles; Get Faster Cylinder Filling On Revolvers**

45° chamfering cutter breaks the edges of the rifling for a clean bullet exit or chamfers revolver cylinder chamber mouths for quick reloads. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately. The 45° Cutter supplied in Sets marked with an \* is 5/8" dia. to correctly chamfer the larger barrel and cylinder mouths on those calibers. All other Sets have a 1/2" diameter, 45° cutter.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

# Safety Instruction Guide for 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot

## Introduction

Thank you for purchasing the 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot. This guide provides essential safety instructions to ensure the safe use of this product. Please read this guide carefully before use to minimize the risk of accidents and injuries.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the cutter.
- Inspect the cutter and pilot for any damage before each use. Do not use if damaged.
- Store the cutter and pilot in a safe and dry place when not in use.
- Follow local regulations regarding the disposal of tools and materials.

## Specific Safety Precautions for Use

- Use the cutter in a wellventilated area to avoid inhaling any dust or debris.
- Keep your hands and fingers clear of the cutting area when operating the tool.
- Avoid wearing loose clothing or jewelry that may become caught in the cutter.
- Do not exceed the recommended speed and pressure while using the cutter.
- If you experience any discomfort or pain while using the cutter, stop immediately and seek medical attention if necessary.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including the cutter, handle, and pilot.
- Ensure you have a clean and stable work surface.

### 2. Installing the Pilot:

- Select the appropriate pilot for your caliber.
- Insert the pilot into the cutter, ensuring it is securely fitted.

### 3. Using the Cutter:

- Hold the cutter firmly by the handle.
- Position the cutter at a 45° angle against the muzzle or cylinder chamber.
- Apply gentle pressure and rotate the cutter to chamfer the edge.
- Check the chamfering progress regularly to avoid overcutting.

### 4. PostUse Care:

- Clean the cutter and pilot after each use to remove any debris.
- Store the cutter and pilot in the provided polypropylene box to prevent damage.

## **Disposal Instructions**

- Dispose of the cutter and pilot according to local regulations.
- Do not dispose of the cutter or pilot in regular household waste if they are damaged or broken.
- Consider recycling materials where possible, following local recycling guidelines.

## **Contact Information for Further Support**

For any questions or concerns regarding the product or safety instructions, please refer to the manufacturer's contact information provided with the product packaging. Ensure that you have the product details available for reference.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we wish you a safe and successful experience with your 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot.
