

45° MUZZLE/CYLINDER CHAMFERING CUTTER & STEEL PILOT - 45° CUTTER & STEEL PILOT FITS .45 MUZZLE*

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Break Sharp Edges On Rifle & Handgun Muzzles; Get Faster Cylinder Filling On Revolvers

45° chamfering cutter breaks the edges of the rifling for a clean bullet exit or chamfers revolver cylinder chamber mouths for quick reloads. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately. The 45° Cutter supplied in Sets marked with an * is 5/8" dia. to correctly chamfer the larger barrel and cylinder mouths on those calibers. All other Sets have a 1/2" diameter, 45° cutter.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot

Introduction

Thank you for choosing the 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot. This tool is designed to enhance your reloading experience by providing clean bullet exits and facilitating quick reloads for revolver cylinder chambers. It is essential to use this product safely and responsibly. This guide outlines important safety instructions and precautions to ensure your safety and the effective use of the tool.

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool before use to ensure it is in good working condition.
- Use personal protective equipment (PPE) such as safety glasses and gloves when operating the cutter.
- Store the tool in a safe, dry place when not in use.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure the cutter is securely attached to the handle before use.
- Do not exceed the recommended cutting speed to avoid accidents.
- Avoid using excessive force; let the tool do the work.
- Always cut away from your body to prevent injury.
- Be cautious of sharp edges; handle the cutter with care.
- Do not use the cutter for purposes other than its intended use.
- If you experience any discomfort or notice any damage to the product, stop using it immediately.

Instructions for Installation and Usage

1. Installation of the Cutter:

- Select the appropriate pilot for the caliber you are working with.
- Insert the pilot into the cutter until it is securely in place.
- Attach the cutter to the handle, ensuring it is tight and secure.

2. Using the Cutter:

- Position the barrel or cylinder securely in a stable work area.
- Align the cutter at a 45° angle to the edge of the barrel or chamber mouth.
- Apply gentle pressure and rotate the cutter in a clockwise direction.
- After a few rotations, check the chamfer to ensure it is even and clean.
- Repeat the process as necessary, using the appropriate pilot for different calibers.

3. PostUse Care:

- Clean the cutter and pilot after each use to prevent buildup of debris.
- Store the cutter and pilots in the provided polypropylene box to protect them from damage.

Disposal Instructions

- Dispose of the cutter and pilots in accordance with local regulations.
- Do not dispose of the tool in regular household waste.
- If the tool is damaged beyond repair, contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For additional support, please refer to the manufacturer's website or contact the relevant customer service department. They can provide assistance regarding product safety, usage, and maintenance.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your 45° Muzzle/Cylinder Chamfering Cutter & Steel Pilot. Always prioritize safety and proper handling to maximize the tool's performance and longevity. Thank you for your attention to these important guidelines.
