

# 45 DEGREE CHAMFER CUTTERS - 45 5/8" CHAMFERING CUTTER ONLY

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Cutters](#)

45 DEGREE CHAMFER CUTTERS A damaged or poorly-cut muzzle can really hurt accuracy; sharp edges on revolver cylinder chamber mouths can cause rounds to hang up going into the cylinder - a real problem when using speedloaders. Cure both problems with this cutter. SPECIFICATIONS: Material: Steel Length: 3-1/4" Diameter: 1/2" or 5/8" 45 Degrees

# Safety Instruction Guide for 45° Chamfer Cutters

## Introduction

Thank you for choosing the 45° Chamfer Cutter. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this manual thoroughly before using the cutter to prevent accidents and ensure optimal performance.

## General Safety Guidelines

- **Product Safety:** This product is designed for safe use in chamfering applications. Follow all instructions to minimize risks associated with its use.
- **Enhanced Recalls:** In the event of a product recall, you will receive standardized notice and remedies at no cost. Stay informed about recalls by checking the appropriate channels.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety regulations to guarantee the same protections as physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that it is stored out of reach of minors.
- **EU Contact Point:** For any safety inquiries, refer to the designated EU contact point listed on the product packaging or retailer website.
- **Rapid Alerts:** Stay updated on product safety issues through the EU Safety Gate system.

## Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear appropriate PPE, including safety goggles and gloves, to protect against sharp edges and debris.
- **Work Area Safety:** Ensure that your work area is clean and welllit. Remove any unnecessary items that could lead to accidents.
- **Tool Condition:** Inspect the cutter for any damage before use. Do not use if the cutter is dull or damaged.
- **Proper Handling:** Always handle the cutter with care. Keep fingers away from the cutting edge when in use or during adjustments.
- **Avoid Distractions:** Focus on the task at hand. Avoid using the cutter when fatigued or under the influence of substances that could impair judgment.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the cutter is suitable for your specific chamfering needs.
- Gather all necessary tools and PPE before starting.

### 2. Installation:

- Secure the cutter in a compatible drill or cutting tool.
- Follow the manufacturer's instructions for securing the cutter to ensure it is stable during operation.

### 3. Usage:

- Start the drill at a low speed to ensure control.
- Gradually increase speed as needed, maintaining a firm grip on the tool.
- Apply even pressure while chamfering to achieve a consistent edge.
- Do not force the cutter; let the tool do the work to avoid damage.

#### **4. PostUse Care:**

- After use, clean the cutter to remove any debris or residue.
- Store the cutter in a safe place, away from moisture and out of reach of children.

## **Disposal Instructions**

- Dispose of the cutter in accordance with local regulations.
- If the cutter is damaged or no longer usable, ensure that it is disposed of in a manner that prevents injury to others.

## **Contact Information for Further Support**

For additional support or inquiries regarding safety or product performance, please refer to the contact details provided on the product packaging or the retailer's website.

Thank you for your attention to these safety guidelines. Your safety is our priority.
