

STEEL ONE CALIBER SETS - BROWNELLS STEEL ONE CALIBER SET FITS .17 HIGH STD/HM2 MUZZLE (.167")

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Square Up & Chamfer Rifle & Handgun Muzzles - Steel Bore Pilot

Set includes: one, 90° facing cutter to square a muzzle after shortening, or repair damage; one, 45° chamfering cutter to break the edges of the rifling for a clean bullet exit or chamfer a revolver cylinder mouth for quick reloads; plus one handle that fits either cutter and one steel bore pilot. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for STEEL ONE CALIBER SET

Introduction

Thank you for choosing the STEEL ONE CALIBER SET by BROWNELLS. This product is designed to assist you in muzzle maintenance and modification. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding the safe handling, installation, and disposal of the product.

General Safety Guidelines

- Ensure that all safety precautions are followed during use.
- Always use the product in a wellventilated area.
- Keep the product out of reach of children and vulnerable individuals.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Regularly inspect the product for any signs of wear or damage before use.
- If the product appears damaged, do not use it and contact the supplier for assistance.
- Follow all local regulations regarding the use of tools and equipment.

Specific Safety Precautions for Use

- **Handling Cutters:**
 - Always handle cutters with care to avoid accidental injury.
 - Store cutters in a safe place when not in use to prevent cuts or punctures.
- **Using the Muzzle Cutter:**
 - Ensure the firearm is unloaded before using the muzzle cutter.
 - Secure the firearm in a stable position to prevent movement during use.
- **Chamfering:**
 - Use the chamfering cutter only on compatible materials.
 - Do not apply excessive force when using the cutter to avoid damaging the tool or the firearm.
- **Pilot Alignment:**
 - Ensure the pilot is properly aligned to maintain cutting accuracy and avoid accidents.
- **DistractionFree Environment:**
 - Avoid distractions while using the product to maintain focus and safety.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather all necessary tools and safety equipment (safety glasses, gloves).

2. Installing the Cutter:

- Select the appropriate cutter for your caliber.
- Attach the cutter securely to the handle.
- Insert the pilot into the cutter, ensuring it is wellaligned.

3. Using the Muzzle Cutter:

- Position the firearm securely on a stable surface.
- Gently insert the cutter into the muzzle.
- Rotate the cutter slowly and evenly to square the muzzle or repair damage.
- After cutting, inspect the muzzle for smoothness and uniformity.

4. Using the Chamfering Cutter:

- Use the chamfering cutter to break the edges of the rifling or chamfer the revolver cylinder mouth.
- Apply light pressure and rotate the cutter to achieve a clean edge.
- Ensure that the cutter is removed carefully after use.

5. Cleaning and Maintenance:

- Clean the cutters and handle after each use to prevent corrosion.
- Store the product in a dry, cool place in its original packaging to protect it from damage.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any inquiries or further assistance regarding the STEEL ONE CALIBER SET, please reach out to your local retailer or manufacturer. Ensure you keep the product manual for future reference.

Thank you for prioritizing safety and responsible use of the STEEL ONE CALIBER SET. Your adherence to these guidelines helps ensure a safe and effective experience.
