

STEEL ONE CALIBER SETS - STEEL ONE CALIBER SET FITS .32 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Square Up & Chamfer Rifle & Handgun Muzzles - Steel Bore Pilot

Set includes: one, 90° facing cutter to square a muzzle after shortening, or repair damage; one, 45° chamfering cutter to break the edges of the rifling for a clean bullet exit or chamfer a revolver cylinder mouth for quick reloads; plus one handle that fits either cutter and one steel bore pilot. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for STEEL ONE CALIBER SETS

Introduction

Thank you for choosing the STEEL ONE CALIBER SETS. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read and follow these guidelines carefully to prevent accidents and injuries.

General Safety Guidelines

- Always read the product manual before use.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any visible damage before use. Do not use if damaged.
- Use the product only for its intended purpose.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the product.
- Ensure a clean, welllit, and organized workspace when using the product.
- Be aware of your surroundings and avoid distractions while using the product.
- Follow local regulations and guidelines for the safe handling and use of tools.

Specific Safety Precautions for Use

- Use the facing cutter and chamfer cutter only with the appropriate handle and pilot.
- Ensure that the cutter is securely attached to the handle before use.
- Avoid applying excessive force when cutting or chamfering to prevent tool breakage or injury.
- Always cut away from your body to minimize the risk of injury.
- Do not attempt to modify the product in any way.
- If you experience any difficulties during use, stop immediately and consult the manual or seek assistance.

Instructions for Installation and Usage

1. Preparation:

- Gather all components: facing cutter, chamfer cutter, handle, and pilot.
- Ensure your workspace is clean and free of obstructions.

2. Attaching the Cutter:

- Select the appropriate cutter (facing cutter or chamfer cutter) for your task.
- Insert the cutter into the handle until it is secure.
- If using a pilot, insert the pilot into the bore of the firearm or component you are working on.

3. Using the Facing Cutter:

- Position the cutter at a 90° angle to the muzzle.
- Apply light pressure and rotate the cutter clockwise to square the muzzle.
- Check for a clean, flat surface after each pass.

4. Using the Chamfer Cutter:

- Position the cutter at a 45° angle to the edge of the rifling or revolver cylinder mouth.
- Apply light pressure and rotate the cutter clockwise to break the edges.

- Ensure a smooth chamfer for optimal bullet exit or quick reloads.

5. Cleaning and Maintenance:

- After use, clean the cutters and handle with a dry cloth to remove debris.
- Store all components in the provided polypropylene box to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste. Check for recycling options for metal components.

Contact Information for Further Support

For any inquiries or support regarding the STEEL ONE CALIBER SETS, please refer to the manufacturer's contact details found on the product packaging or visit the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your STEEL ONE CALIBER SETS. Always prioritize safety and consult the manual for any specific questions regarding usage and maintenance. Thank you for your attention to these important safety guidelines.
